

UNIVERSITY OF ILLINOIS College of Liberal Arts and Sciences

Transfer Information

As the largest undergraduate college at the University of Illinois, the College of Liberal Arts and Sciences (LAS) currently offers approximately 50 majors under the Sciences and Letters curriculum, 5 specialized curricula and 12 programs preparing for teacher licensure for secondary schools. The necessary core courses are available for students planning to pursue a career in law or health professions. Information concerning all Programs of Study is now located at this website: <http://admissions.illinois.edu/Discover/Academics/majors>.

University of Illinois course information to determine the applicability of certain courses toward career goals may be found at: <https://courses.illinois.edu/>. Staff members within the College are available to answer specific student questions. Transfer course information is available at the following website: <https://www.transferology.com>.

Enrolling transfer students are required to participate in the Summer Registration Program. This will enable each student to talk to an experienced adviser, plan a program of study and take part in programs designed to answer their questions.

MINIMUM REQUIREMENTS FOR A DEGREE

The College of Liberal Arts and Sciences has minimum standards of progress and performance that must be observed as students work toward a degree, including required Grade-Point Averages, Minimum Total Credit Hours, Electives, Minimum Advanced Hours, and Residency Credit Hours. More information on these requirements is available at the following website: <http://www.las.illinois.edu/students/requirements/minimum>.

MAJORS WITH SUPPORTING COURSEWORK

In addition to the Composition, Language and General Education requirements in LAS, students in the Sciences and Letters curriculum are required to study an academic discipline in some depth. At the University of Illinois, this study in-depth is called a major and will include core courses in the subject itself and supporting coursework. This major may be oriented around a single discipline, or may be inter-disciplinary (e.g., Humanities, Latin American Studies, or Religious Studies). A major will normally consist of **40-60 hours** of coursework designated by the department and approved by the faculty of the College of LAS. Of these hours, approximately **12-20** will be in supporting coursework. Descriptions of the requirements for each of the 50 majors in the Sciences and Letters curriculum may be found in the University of Illinois' Transfer Handbook (Liberal Arts and Sciences section). The prerequisite coursework and requirements are listed in ***bold, red italics*** for each of the programs. **LAS allows for equivalent required transfer courses to be completed the summer prior to enrollment, but if the courses are not completed the offer of admission may be rescinded.**

Normally, a major is not conceived as having a vocational focus or orientation and may or may not be directly related to vocational goals. In all LAS programs, however, it is expected that students will obtain methods of study and approaches to problems to aid them in achieving specific vocational goals. Students with special professional goals, such as law school and medical school, may successfully follow any number of undergraduate programs. For example, there are students with pre-law interests in many fields including political science, philosophy, mathematics, economics and English. There are students with pre-medical interests concentrating in English or history, as well as biology, chemistry, or psychology.

Pre-professional Programs

Students planning to pursue a Pre-Dentistry, Pre-Law or Pre-Medicine program should refer to the Pre-professional Programs section, located at the following website:

Secondary Education Teaching

The Secondary Education option in the College of Liberal Arts and Sciences (LAS) includes content work in your major and professional education courses in the College of Education. Students who successfully complete this degree will have a bachelor's degree in the major area of study and a license to teach that subject (English, Math, Science or Social Science) in the state of Illinois.

It can be particularly difficult for junior-level students to complete the Secondary Education program within 4 years. It is imperative that you work closely with your institution's advisor and with us so that we can ensure you are taking the appropriate coursework at the institution you attend prior to entering the University of Illinois. In some cases, completing the program in 4 total years may not be possible due to limited course offerings at your transfer institution. If you have not worked with your advisor or if you decide a little later in your undergraduate work that you'd like to obtain the teaching degree, be prepared for your degree to require extra time to complete.

For more information on Secondary Education Teaching, please see the Secondary Education Teaching section at the end of this handbook.

Individual Plans of Study (IPS)

A unique curricular program at the University of Illinois called **Individual Plans of Study (IPS)** assists motivated students to design personalized and innovative programs of study under the guidance of faculty sponsors. As an alternative to the conventional major, IPS features sponsorship by a faculty advisor and program approval by the IPS Advisory Committee. IPS students must meet the regular LAS requirements in Composition, General Education, Language Requirement and advanced hours. Students desiring further information about IPS should inquire with Bob Steltman at 2002 Lincoln Hall, Urbana, IL, 61801, Email steltman@illinois.edu, Phone (217) 333-1705.

African American Studies

African American Studies: <http://catalog.illinois.edu/undergraduate/las/academic-units/afro-am/#majortext>

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework** are subject to an **additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <https://courses.illinois.edu/gened/2017/fall>.

Admission recommendations for transfer include completion of equivalent transfer coursework to the following University of Illinois **Language Recommendation:**

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Anthropology

Sophomore-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois course and graduation requirement¹:

MATH 220, Calculus or MATH 221, Calculus I²

Sophomore-level transfer admission highly recommends completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement:

MATH 231, Calculus II

Junior-level transfer admission requires completion of all of the **Sophomore-level transfer admission** requirements and completion of equivalent transfer coursework to the following University of Illinois courses¹:

MATH 231, Calculus II

PHYS 211, University Physics: Mechanics³

Junior-level transfer admission highly recommends completion of equivalent transfer coursework to the following University of Illinois courses:

MATH 241, Calculus III

PHYS 212, University Physics: Elec & Mag²

Completion of transfer equivalents to some of the following University of Illinois courses prior to transfer is **highly recommended**:

ASTR 210, Introduction to Astrophysics

PHYS 213, University Physics: Thermal Physics²

PHYS 214, University Physics: Quantum Physics²

RHET 105, Writing and Research

¹ Effective Fall 2019, Sophomore-level transfer will require MATH 220, Calculus or MATH 221, Calculus I and Junior-level transfer will require MATH 231, Calculus II and PHYS 211, University Physics: Mechanics in addition to the Sophomore-level requirements.

² Students who intend to transfer into Astronomy should enroll in the most advanced mathematics course for which he/she is qualified and continue with mathematics each semester. Differential equations and/or advanced calculus are recommended for students who complete introductory calculus before the end of their sophomore year.

³ If the transferable physics sequence at the community college is equivalent to the university physics sequence at the University of Illinois (PHYS 211, 212, 213, and 214), an equivalent of the University of Illinois' MATH 220: Calculus, must first be completed as a prerequisite to the physics sequence.

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education categories⁶ prior to transfer is also **highly recommended**:

Humanities and the Arts⁷

Social & Behavioral Sciences⁷

Due to the specialized nature of Chemical and Biomolecular Engineering curriculum, Junior-level transfer students typically require a total of five or six semesters on our campus to be graduated. We believe that this extra semester or two is a worthwhile investment, if it maximizes your opportunity for success, and our experience strongly suggests that it does.

¹ Students who have taken a non-accelerated general chemistry sequence will enroll in CHEM 222, Quantitative Analysis Lecture and CHEM 223, Quantitative Analysis Laboratory, after transferring.

² Depending on the available courses, the 3-semester sequence in calculus and analytic geometry, including basic linear algebra and matrix theory, should be equivalent to at least 12 semester hours.

³ Depending on the available courses, the most advanced physics sequence or the one for engineering majors must be followed. If no 3-semester, 12-hour sequence is available for engineering majors, a 2-semester, 10-hour sequence may also be acceptable, provided it includes modern physics.

⁴ The computer course must be a course in FORTRAN, C, C++, MATLAB, or Python programming, including numerical methods (University of Illinois CS 101, Introduction to Computing, Engineering/Science); it should be a course intended for engineering majors.

⁵ At most institutions, the equivalent requires a two-course English Composition sequence.

⁶ For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <https://courses.illinois.edu/gened/2017/fall>.

⁷ Sixteen hours of approved general education electives are required. This must include at least six hours in social perspectives or behavioral sciences and at least six hours in literature and the arts or historical and philosophical perspectives. A current list of approved courses that may be used to satisfy this general education requirement is available in Room 209 RAL or the Undergraduate Program in Chemical Engineering website at:

<http://catalog.illinois.edu/undergraduate/las/academic-units/chem-bio-engin/#majorstext>. If you have more than six hours in either category, the excess will be counted as other Humanities or Social Science hours. Students entering college in Fall 1995 or later must satisfy the distribution requirements in Western and Non-Western Cultures. See LAS General Education Handout for details.

Chemistry Major and the Specialized Curriculum in Chemistry

Chemistry Major or Specialized Curriculum: <http://catalog.illinois.edu/undergraduate/las/academic-units/chemistry/#majorstext>

Transfer students seeking to complete an American Chemical Society [ACS] accredited program in Chemistry will need to meet with the Department of Chemistry and seek to complete the **Specialized Curriculum in Chemistry** after arrival on campus. Due to the nature and makeup of the Specialized Curriculum in Chemistry curriculum, time to degree completion for transfer students may likely be extended.

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework** are subject to an **additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** Applicants are considered on a space available basis.

Admission recommendations for transfer are as follows and completion of the **Language Recommendation for both programs** is **highly recommended**:

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college. **The Specialized Curriculum in Chemistry only requires completion through the third level of one language other than English in high school or college.** It is strongly recommended that transfer applicants complete the graduation requirement for their program of study prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Due to the unique structure of the Specialized Curriculum in Chemistry, transfer students, who enter at the **Junior- level** by credit hours completed, typically require a total of five or six semesters on our campus to graduate. We believe that this extra semester or two is a worthwhile investment, if it maximizes your opportunity of success and our experience strongly suggests that it does. Students who join us **with fewer than 60** credit hours will typically be able to complete their graduation requirements in a more traditional total of four years of college.

¹ Students who have completed a non-accelerated general chemistry sequence and choose the **Specialized Curriculum in Chemistry will enroll in CHEM 222, Quantitative Analysis Lecture and CHEM 223, Quantitative Analysis Laboratory, after transferring**. CHEM 222 and CHEM 223 are optional for the Chemistry major. Students pursuing a Science and Letters Curriculum may complete coursework equivalent to the University of Illinois' CHEM 102-105 sequence or CHEM 202-205 sequence.

² The transfer equivalent to the University of Illinois' three-course Calculus sequence (MATH 220, 231 and 241) should be completed prior to transfer.

³ At most institutions, the equivalent requires a two-course English composition sequence.

⁴ **If the Organic Chemistry sequence is not completed by equivalent transfer coursework, time to degree completion for transfer students will likely be extended for this program of study.**

⁵ Depending on the available courses, the most advanced physics sequence or the one for engineering majors must be followed. If no 3-semester, 12-hour sequence is available for engineering majors, a 2-semester, 10-hour sequence may also be acceptable, provided it includes modern physics.

Language Recommendation

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

¹ A sequence in Western Cultural Studies comparable to HIST 141, Western Civ to 1660 and HIST 142, Western Civ Since 1660 **OR** CWL 241, Lit Europe & the Americas I and CWL 242, Lit Europe & the Americas II is required for graduation as a major in any language other than English.

² At most institutions, the equivalent requires a two-course English composition sequence.

Computer Science and Liberal Arts and Sciences Disciplines

This is an LAS major in Computer Science in conjunction with one of the following LAS Disciplines: Anthropology, Astronomy, Chemistry and Linguistics. Each is a flexible program for students who plan to pursue technical or professional careers in arts and sciences areas requiring a sound grounding in computer science. Students can use the supporting coursework to prepare for employment immediately upon graduation or for pursuing graduate study in a wide variety of fields or to complete a significant body of courses in a single area, such as a double major or minor. Examples include programming in sciences (such as bioinformatics, population genetics, demography, geographic information sciences, climate modeling, or social network analysis) or in the humanities (such as digital restoration, textual analyses, or other areas) or social sciences (such as population research). Information about these disciplines can be found at: <http://catalog.illinois.edu/undergraduate/las/comp-science/#majortext>

Students interested in Mathematics or Statistics should enroll in the MATH & CS or STAT & CS programs of study.

Global Studies

Global Studies: <http://catalog.illinois.edu/undergraduate/las/academic-units/global-studies/#majortext>

Transfer applicants who have completed more than **4 semesters** or **60 hours of coursework** are subject to an **additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** It is important to note that Global Studies requires that students study abroad for one semester. **Most study abroad programs now require a 3.0 minimum GPA**, so it is highly recommended that your GPA be approaching that level. If your GPA is under 3.0, please contact LAS Global Studies to consult with an advisor (globalstudies@illinois.edu).

Students are advised to transfer into **Global Studies** with no more than 45 hours of college credit. In order to meet the University of Illinois residency requirement of **60 hours** on campus, as well as the Global Studies study abroad requirement, students with more than 45 hours of credit should plan for at least five semesters of post-transfer undergraduate work.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <https://courses.illinois.edu/gened/2017/fall>.

Admission recommendations for transfer include suggested completion of equivalent transfer coursework following the University of Illinois **Language Recommendation:**

Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Global Studies requires at least 6 credits of advanced language coursework beyond the LAS minimum graduation requirement. Transfer students must take the appropriate language placement tests before registering for classes and should ideally be taking language courses at their current institution prior to transfer. Study abroad locations and regional focus within the major are based on the student's language used for the major.

Global Studies **strongly recommends** that students have completed **the Composition I requirement¹** and most of the other University of Illinois General Education degree requirements before entering the major. Additionally, completion of exact course equivalents for some of the following University of Illinois courses is **recommended** for transfer, as they complete the interdisciplinary core course requirement for the major. Language Recommendation

Students in the Latin American Studies Program should complete an equivalent to the University of Illinois' LAST 170, Introduction to Latin America, if available.

Latin American Studies require study in one language other than English. Select from Spanish, Portuguese, Quechua or Native Languages, e.g., Maya (can be studied at the University of Chicago, University of Illinois consortium partner).

For electives, special consideration should be given to courses that contribute to an understanding of the broad background against which the region and cultures of the area are studied. Examples are general courses in anthropology, economics, geography, Asian and modern European or world history, world literature, political science and sociology. See the description of the requirements for each of these programs at the websites at the top of the page.

¹ At most institutions, the equivalent requires a two-course English composition sequence.

¹ Students can take their institution's Biology I and/or Biology II. It is recommended that students transferring into MCB as sophomores take MCB 150 at the University of Illinois, when a direct equivalent to MCB 150 is not available at their transfer institution. This will enable the student to be better prepared for MCB 250 at the University of Illinois.

² The introductory Biology sequence must include an Organismal/Evolutionary course and a Molecular/Cellular course. Please see the Transferology website – <https://www.transferology.com> for transfer articulation information. Contact the Biology Advising Office at 217/333-6774 for specific recommendations for your community college.

³ If a direct equivalent to MCB 150 is not available, students will be expected to complete MCB 150 upon transfer to ensure a smoother academic transition to the MCB program. If a direct equivalent to MCB 150 has been completed, students should complete the MCB Transfer Student Diagnostic Test to ensure placement into the appropriate course. Information about the MCB Transfer Student Diagnostic Test can be found at this URL: http://mcb.illinois.edu/undergrad/students/transfer_diagnostic

Religion

Religion: <http://catalog.illinois.edu/undergraduate/las/academic-units/religious-studies/#majortext>

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework** are subject to an **additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <https://courses.illinois.edu/gened/2017/fall>.

Admission recommendations for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois **Language Recommendation:**

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to some of the following University of Illinois courses and graduation requirement prior to transfer is **highly recommended:**

HIST 141, Western Civ to 1660¹ **and** HIST 142, Western Civ Since 1660¹

Completion of transfer equivalents to the following University of Illinois courses and graduation requirement prior to transfer is **highly recommended**:

CS 173, Discrete Structures⁴
RHET 105, Writing and Research⁵
Language Recommendation

Students majoring in **Statistics and Computer Science** should include an introductory course in Statistics, e.g. an equivalent to STAT 100, Statistics.

¹ CS 125, Intro to Computer Science is preferred. If a transferable equivalent is not available, a transferable equivalent to CS 101: Intro Computing: Engrg & Sci, may be substituted.

² It is strongly recommended that a calculus sequence comparable to the University of Illinois' MATH 220, Calculus, MATH 231, Calculus II and MATH 241, Calculus III, be completed prior to **Junior-level** transfer to either program of study. The recommended GPA for the courses in the Calculus sequence is **3.00 (A=4.00)**.

³ Effective Fall 2019, CS 225 will be required for junior-level transfer.

⁴ It is highly recommended that an equivalent transfer course to CS 173, Discrete Structures, be completed prior to transfer; however, transfer will be considered without a comparable course.

Secondary Education Teaching

General Information and Admission Requirements

YOUR DEGREE

The Secondary Education option in the College of Liberal Arts and Sciences (LAS) includes content work in your major and professional education courses in the College of Education. Students who successfully complete this degree will have a bachelor's degree in the major area of study and a license to teach that subject (English, Math, Science or Social Science) in the state of Illinois.

University of Illinois Major	Minimum license earned with degree*
Biology	Science Teaching – can teach Biology through the AP/Honors level and other sciences (Chem; Earth & Space; Environmental; Physics) at the non-AP level
Chemistry	Science Teaching – can teach Chemistry through the AP/Honors level and other sciences (Bio; Earth & Space; Environmental; Physics) at the non-AP/Honors level
English	English Language Arts – can teach all English topics through the AP/Honors level
Geology	Science Teaching – can teach Earth & Space Science through the AP/Honors level and other sciences (Bio; Chem; Environmental; Physics) at the non-AP/Honors level.
History	Social Science Teaching – can teach History through the AP/Honors level and all other Social Sciences (Econ; Geography; Political Sc.; Psych; Sociology/Anthro) at the non-AP/Honors level
Mathematics	Mathematics Teaching – can teach all Math topics through the AP/Honors level.
Physics	Science Teaching – can teach Physics through the AP/Honors level and other sciences (Bio; Chem; Environmental) at the non-AP/Honors level

*Time permitting, you may complete extra coursework in order to teach more than one content area through the AP level.

ELIGIBILITY REQUIREMENTS

- All applicants must pass the Illinois Licensure Testing System (ILTS) Test of Academic Proficiency prior to entering the minor. You may use the ACT plus writing or the SAT in lieu of the Test of Academic Proficiency. You will find more info on the [Council on Teacher Education website](#).
- Students must have a competitive cumulative, major and institutional GPA. Applicants must have at least a 2.5 (A=4.000) University of Illinois at Urbana-Champaign, major and cumulative grade point average at the time of application.
- Complete 50 hours of verified academic tutoring experience with high school students prior to beginning the minor. EDUC 201 includes 25 hours toward the 50 required.

COURSE SELECTION

Many of the major requirements meet general education requirements as well. If you wish to complete the Secondary Education program in a total of 4 years, it is imperative that you work closely with your institutions advisor and with us so that we can ensure you are taking the appropriate coursework at the institution you attend prior to entering the University of Illinois.

CONTACT INFORMATION: LAS-Teach@illinois.edu; University of Illinois, College of Liberal Arts and Sciences/College of Education, 120 Education, 1310 South Sixth Street, Champaign, IL 61820; Phone: (217) 333-2800; FAX: (217) 244-3647

If you have not worked with your advisor or if you decide a little later in your undergraduate work that you'd like to obtain the teaching degree, be prepared for your degree to require extra time to complete.

SECONDARY EDUCATION TRANSFER STUDENT CHECKLIST

- Start with Office of Undergraduate Admissions and follow instructions for applying to one of the majors eligible for Secondary Education (Biology, Chemistry, English, Geology, History, Math and Physics).** Be sure to check the box that indicates your interest in Secondary Education. Admission to your major does not guarantee admission to the Secondary Education Teaching minor
- As early as possible, complete the online prospective student form at the College of Education:** <http://education.illinois.edu/programs/information-for/transfer-students>. The College of Education will review your record to determine the feasibility of you completing the Secondary Education minor at U of I and will contact you to provide further information.
- Review the Secondary Education website:** <http://www.las2ed.wikispaces.com/>
- Review the College of Education website:** <http://education.illinois.edu/programs/information-for/ui-students-applying-to-the-minor>. The College of Education Records Officer will notify you of the results of your record review. You will not be required to complete any other application process (i.e. the "Students interested in applying should:" section on the webpage does not apply to transfer students)
- Obtain the required test scores on one of three tests:**
 - o Test of Academic Proficiency (TAP) - pass all 4 sections or
 - o ACT - composite score of 22; combined English and writing of 19 if taken up through September 2015; 16 if taken after September 2015 or
 - o SAT - composite score 1030; writing score 450
- GPA's (overall; content area; professional education courses) at 2.5 or higher.**
- Begin the process of obtaining 50 hours of experience in an educational setting with middle school or high school students.**
- Refer to the Recommended Courses for Transfer Students Interested in Secondary Education at Illinois in the Transfer Student Handbook and work with your institution's advisor to determine equivalents.**
- With the help of your advisor, lay out a plan for the time before you transfer.** Also consider laying out a plan for your entire degree. Some majors in the Secondary Education program do not offer much of flexibility (especially History and Biology). Be prepared that you may need to take time beyond 8 semesters to complete the degree.

The Bachelor of Arts in Teaching Foreign Language (BAT) General Information and Admission Requirements

BAT initial licensure programs for Grades K-12 include the following languages: French, German, Latin and Spanish.

What You Need to Know If You Are Considering the BAT Program

- To ensure that content & general education courses are completed prior to the start of the final year of the BAT professional education sequence, it is essential that students interested in pursuing the BAT discuss their academic plans & intentions with their language advisor prior to the start of fall semester.
- It is not possible to begin the final year of the professional education sequence until all required content, general education, & elective coursework has been satisfied.
- Once admitted to the BAT, teacher candidates are expected to complete the three semester sequence in the order they are offered & without deviating from the established sequence in any way.

Requirements & Other Important Information for Students Seeking to Apply for the BAT

Applicants must meet all of the requirements listed below in order to be eligible for admission to the Bachelor of Arts in Teaching Foreign Language (BAT) program. If there is uncertainty about eligibility requirements, interested students should meet with the undergraduate language advisor well in advance of the admissions application deadline (February 1).

What You Need to Know If You Want to Apply to the BAT Program

- Students wishing to apply for the BAT program **may not hold a previously earned Bachelor's degree in any field.**
- Applicants must have a minimum **2.5 GPA in the language they plan to teach** & a **2.5 overall cumulative GPA** at the time of application.
- Meeting the minimum criteria does not guarantee admission to the BAT program.
- All applicants to the BAT program should have an alternate academic plan in the event that they are not admitted to the BAT.
- **It is essential that students interested in applying to the BAT attend the fall information meeting;** information meetings are held in October; meeting announcements will appear on the FLTE website at the beginning of fall semester (<http://www.flte.illinois.edu/>).

To submit a complete application packet for admission to the BAT, applicants are required to:

- fulfill 25 field hours in a Foreign Language classroom at the secondary level by working with a teacher & students in the language the applicant intends to teach

BAT Application Deadline: February 1st

Readiness for the Professional Education Sequence

Any student with an interest in the BAT program **SHOULD MEET with her/his undergraduate language advisor prior to fall semester of the first year as a transfer student** to construct an 8 semester or other academic plan that will ensure all content & general education requirements & electives will be satisfied prior to fall semester of the senior year when the last phase of the professional education sequence begins.

***PLEASE NOTE:** It is very difficult to complete the final phase of the professional education sequence unless all content & general education requirements & electives have been met. As a result, it is critical that applicants make certain they will complete all content, electives, & general education courses prior to the start of the professional education sequence in fall semester of the final year.*

Study Abroad

All BAT teacher candidates are strongly encouraged to study abroad for a summer, semester, or full academic year. The experience enhances authentic cultural knowledge & will prepare teacher candidates for the Oral Proficiency Interview (OPI) assessment that must be taken & passed to advance to Student Teaching. To ensure that students are on campus for the last three semesters prior to graduation when the professional education sequence takes place, seeking direction about study abroad from the language department advisor is critical as it will permit the advisor to assist in an out of country experience when the academic plan is constructed prior to the beginning of the first semester on campus.

Test Scores Required for Admission

All applicants to the BAT program must take & pass the Illinois Licensure Testing System (ILTS) **Test of Academic Proficiency (TAP)**. Alternatively, applicants have the opportunity to submit the **ACT score report where the composite score was 22 or higher**. For an applicant to be exempt from the TAP, her/his composite ACT score must include the writing component. For information about the TAP &/or the ACT scores necessary for admissions, applicants should visit the Council on Teacher Education's website: http://cote.illinois.edu/certification/documents/act_procedures_for_admission.pdf
