UNIVERSITY OF ILLINOIS  
College of Liberal Arts and Sciences

Transfer Information
As the largest undergraduate college at the University of Illinois, the College of Liberal Arts and Sciences (LAS) currently offers approximately 50 majors under the Sciences and Letters curriculum, 5 specialized curricula and 12 programs preparing for teacher licensure for secondary schools. The necessary core courses are available for students planning to pursue a career in law or health professions. Information concerning all Programs of Study is now located at this website: http://admissions.illinois.edu/Discover/Academics/majors.

University of Illinois course information to determine the applicability of certain courses toward career goals may be found at: https://courses.illinois.edu/cisapp/dispatcher/home. Staff members within the College are available to answer specific student questions. Transfer course information is available at the following website: https://www.transferology.com.

Enrolling transfer students are required to participate in the Summer Registration Program. This will enable each student to talk to an experienced adviser, plan a program of study and take part in programs designed to answer their questions.

MAJORS WITH SUPPORTING COURSEWORK
In addition to the Composition, Language and General Education requirements in LAS, students in the Sciences and Letters curriculum are required to study an academic discipline in some depth. At the University of Illinois, this study in depth is called a major and will include core courses in the subject itself and supporting coursework. This major may be oriented around a single discipline, or may be inter-disciplinary (e.g., Humanities, Latin American Studies, or Religious Studies). A major will normally consist of **40-60 hours** of coursework designated by the department and approved by the faculty of the College of LAS. Of these hours, approximately **12-20** will be in supporting coursework. Descriptions of the requirements for each of the 50 majors in the Sciences and Letters curriculum may be found in the University of Illinois’ Transfer Handbook (Liberal Arts and Sciences section). The prerequisite coursework and requirements are listed in **red italics** for each of the programs. **LAS allows for equivalent required transfer courses to be completed the summer prior to enrollment, but if the courses are not completed the offer of admission may be rescinded.**

Normally, a major is not conceived as having a vocational focus or orientation and may or may not be directly related to vocational goals. In all LAS programs, however, it is expected that students will obtain methods of study and approaches to problems to aid them in achieving specific vocational goals. Students with special professional goals, such as law school and medical school, may successfully follow any number of undergraduate programs. For example, there are students with pre-law interests in many fields including political science, philosophy, mathematics, economics and English. There are students with pre-medical interests concentrating in English or history, as well as biology, chemistry or psychology.

Pre-professional Programs
Students planning to pursue a Pre-Dentistry, Pre-Law or Pre-Medicine program should refer to the Pre-professional Programs section, located at the following website: http://admissions.illinois.edu/Content/docs/Handbook_PreProfessional.pdf

Individual Plans of Study (IPS)
A unique curricular program at the University of Illinois called **Individual Plans of Study (IPS)** assists motivated students to design personalized and innovative programs of study under the guidance of faculty sponsors. As an alternative to the conventional major, IPS features sponsorship by a faculty advisor and program approval by the IPS Advisory Committee. IPS students must meet the regular LAS requirements in Composition, General Education, Language Requirement and advanced hours. Students desiring further information about IPS should inquire with Elaina Kutz at 2002 Lincoln Hall, Urbana, IL, 61801, E-mail ebielser@illinois.edu Phone (217) 300-3605.
African American Studies

African American Studies: [http://catalog.illinois.edu/undergraduate/las/academic-units/afro-am/#majortext](http://catalog.illinois.edu/undergraduate/las/academic-units/afro-am/#majortext)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

Admission recommendations for transfer include completion of equivalent transfer coursework to the following University of Illinois Language Recommendation:

**Language Recommendation**: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.
Anthropology

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework** are subject to an **additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **Admission recommendations** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement prior to the desired term of entry. Completion of equivalent transfer coursework to the **Language Recommendation** is highly recommended.

**Language Recommendation**: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

ANTH 102, Human Origins and Culture
RHET 105, Writing and Research

**Language Recommendation**

Supporting Courses

---

1 At most institutions, the equivalent requires a two-course English composition sequence.

2 Supporting courses can be selected in a single discipline (building towards a minor) or can be taken from a variety of disciplines related to aspects of interest to the student in Anthropology.

Astronomy

Astronomy: [http://catalog.illinois.edu/undergraduate/las/academic-units/astronomy/#majortext](http://catalog.illinois.edu/undergraduate/las/academic-units/astronomy/#majortext)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

Admission recommendations for transfer are as follows and completion of the Language Recommendation is highly recommended.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission highly recommends** completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement:

- MATH 220, Calculus
- MATH 231, Calculus II

**Language Recommendation**

**Junior-level transfer admission highly recommends** completion of all of the sophomore-level transfer admission recommendations and completion of equivalent transfer coursework to the following University of Illinois courses:

- MATH 241, Calculus III
- PHYS 211, University Physics: Mechanics
- PHYS 212, University Physics: Elec & Mag

Completion of transfer equivalents to some of the following University of Illinois courses prior to transfer is highly recommended.

- ASTR 210, General Astronomy
- PHYS 213, Univ Physics: Thermal Physics
- PHYS 214, Univ Physics: Quantum Physics
- RHET 105, Writing and Research

---

1 Students who intend to transfer into Astronomy should enroll in the most advanced mathematics course for which he/she is qualified and continue with mathematics each semester. Differential equations and/or advanced calculus are recommended for students who complete introductory calculus before the end of their sophomore year.

2 If the transferable physics sequence at the community college is equivalent to the engineering physics sequence at the University of Illinois (PHYS 211, 212, 213, and 214), an equivalent of the University of Illinois’ MATH 220, Calculus, must first be completed as a prerequisite to the physics sequence.

3 At most institutions, the equivalent requires a two-course English composition sequence.

**CONTACT INFORMATION:** Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498

Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission highly recommends** completion of equivalent transfer coursework and graduation requirement to the following University of Illinois courses:

- CHEM 102, General Chemistry I
- CHEM 103, General Chemistry Lab I
- MATH 220, Calculus
- MATH 231, Calculus II

**Language Recommendation**

**Junior-level transfer admission highly recommends** completion of all of the sophomore-level transfer admission recommendations and completion of equivalent transfer coursework to the following University of Illinois courses:

- MATH 241, Calculus III
- PHYS 211, University Physics: Mechanics

Completion of transfer equivalents to some of the following University of Illinois courses prior to transfer is highly recommended.

- ATMS 201, General Meteorology
- ATMS 303, Synoptic Weather Analysis (if available)
- ATMS 304, Atmospheric Radiation (if available)
- ATMS 305, Computing and Data Analysis (if available)
- PHYS 213, Univ Physics: Thermal Physics
- PHYS 214, Univ Physics: Quantum Physics
- RHET 105, Writing and Research

---

1 At most institutions, the equivalent requires a two-course English composition sequence.

**CONTACT INFORMATION:** Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498
E-mail: las-newstudent@illinois.edu
Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 3.20 or higher (A=4.00) is required for admission. A technical GPA (biology, chemistry, math and physics courses) of 2.75 or higher is recommended to be competitive for admission. Applicants are considered on a space available basis.

Admission recommendations for transfer are as follows and the junior-level transfer requirements, which include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, must be successfully completed prior to the desired term of entry. Completion of the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The Biochemistry program of study requires completion through the third level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement.

- CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II
- MATH 220, Calculus
- MCB 150, Molec & Cellular Basis of Life
- Language Recommendation

Junior-level transfer admission requires completion of all of the Sophomore-level transfer admission requirements and completion of equivalent transfer coursework to the following University of Illinois courses:

- CHEM 236, Fundamental Organic Chem I and CHEM 237, Structure and Synthesis
- or CHEM 232, Elementary Organic Chemistry I and CHEM 233, Elem Organic Chem Lab I
- MATH 231, Calculus II

Completion of transfer equivalents to some of the following University of Illinois courses and the following general education categories prior to transfer is highly recommended.

- MATH 241, Calculus III
- PHYS 211, University Physics: Mechanics
- RHET 105, Writing and Research
- Humanities and the Arts
- Social & Behavioral Sciences

If the recommended coursework listed above is not completed prior to transfer, the length of time to degree completion may increase. Due to the nature of the biology sequence, a Junior-level transfer student should expect to complete six (6) semesters on campus to complete the Biochemistry program of study.

CONTACT INFORMATION: Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498
E-mail: las-newstudent@illinois.edu
1 Completion of a two-semester sequence of introductory biology, designed for majors, is highly recommended. The Biology Diagnostic Test will be completed prior to registration to determine the student's level of biology proficiency.

2 For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

3 At most institutions, the equivalent requires a two-course English composition sequence.
Chemical and Biomolecular Engineering

Chemical and Biomolecular Engineering:  http://catalog.illinois.edu/undergraduate/las/academic-units/chem-bio-engin/#majorstext

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 3.20 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Chemical and Biomolecular Engineering is open to Junior-level transfers only.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The Chemical and Biomolecular Engineering program of study requires completion through the third level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

- CHEM 202, Accelerated Chemistry I¹ and CHEM 203, Accelerated Chemistry Lab I¹
- CHEM 204, Accelerated Chemistry II¹ and CHEM 205, Accelerated Chemistry Lab II¹
- MATH 220, Calculus²
- MATH 231, Calculus II²
- MATH 241, Calculus III²
- PHYS 211, University Physics: Mechanics³
- PHYS 212, University Physics: Elec & Mag³
- PHYS 214, Univ Physics: Quantum Physics³

Completion of transfer equivalents to some of the following University of Illinois courses and graduation requirement prior to transfer is highly recommended.

- CHEM 236, Fundamental Organic Chem I
- CHEM 237, Structure and Synthesis
- CHEM 436, Fundamental Organic Chem II
- CS 101, Intro Computing: Engrg & Sci⁴
- MATH 285, Intro Differential Equations
- MATH 415, Applied Linear Algebra²
- RHET 105, Writing and Research⁵

Language Recommendation

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education categories⁶ prior to transfer is also highly recommended:

- Humanities and the Arts⁷
- Social & Behavioral Sciences⁷

Due to the specialized nature of Chemical and Biological Engineering curriculum, Junior-level transfer students typically require a total of five or six semesters on our campus to be graduated. We believe that this extra semester or two is a worthwhile investment, if it maximizes your opportunity for success and our experience strongly suggests that it does.

(Continued)

CONTACT INFORMATION:  Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498
E-mail: las-newstudent@illinois.edu
1 Students who have taken a non-accelerated general chemistry sequence will enroll in CHEM 222, Quantitative Analysis Lecture and CHEM 223, Quantitative Analysis Laboratory, after transferring.

2 Depending on the available courses, the 3 semester sequence in calculus and analytic geometry, including basic linear algebra and matrix theory, should be equivalent to at least 12 semester hours.

3 Depending on the available courses, the most advanced physics sequence or the one for engineering majors must be followed. If no 3-semester, 12-hour sequence is available for engineering majors, a 2-semester, 10-hour sequence may also be acceptable, provided it includes modern physics.

4 The computer course must be a course in FORTRAN, C or C++ programming, including numerical methods (University of Illinois CS 101, Introduction to Computing, Engineering/Science); it should be a course intended for engineering majors.

5 At most institutions, the equivalent requires a two-course English Composition sequence.

6 For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

7 Sixteen hours of approved general education electives are required. This must include at least six hours in social perspectives or behavioral sciences and at least six hours in literature and the arts or historical and philosophical perspectives. A current list of approved courses that may be used to satisfy this general education requirement is available in Room 209 RAL or the Undergraduate Program in Chemical Engineering website at: http://catalog.illinois.edu/undergraduate/las/academic-units/chem-bio-engin/#majorstext. If you have more than six hours in either category, the excess will be counted as other Humanities or Social Science hours. Students entering college in fall 1995 or later must satisfy the distribution requirements in Western and Non-Western Cultures. See LAS General Education Handout for details.
Chemistry Major and the Specialized Curriculum in Chemistry

Chemistry Major or Specialized Curriculum:  [http://catalog.illinois.edu/undergraduate/las/academic-units/chemistry/#majorstext](http://catalog.illinois.edu/undergraduate/las/academic-units/chemistry/#majorstext)

Transfer students seeking to complete an American Chemical Society [ACS] accredited program in Chemistry will need to meet with the Department of Chemistry and seek to complete the Specialized Curriculum in Chemistry after arrival on campus. Due to the nature and makeup of the Specialized Curriculum in Chemistry curriculum, time to degree completion for transfer students may likely be extended.

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

Admission recommendations for transfer are as follows and completion of the Language Recommendation for both programs is highly recommended.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. The Specialized Curriculum in Chemistry only requires completion through the third level of one language other than English in high school or college. It is strongly recommended that transfer applicants complete the graduation requirement for their program of study prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Chemistry - Sciences and Letters Curriculum**

**Sophomore-level transfer admission requires** completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement:

- **CHEM 102**, General Chemistry I
- **CHEM 103**, General Chemistry Lab I
- **CHEM 104**, General Chemistry II
- **CHEM 105**, General Chemistry Lab II
- **MATH 220**, Calculus
- **MATH 231**, Calculus II
- **RHET 105**, Writing and Research

**Junior-level transfer admission requires** completion of all equivalent transfer coursework required for Sophomore-level transfer admission and equivalent transfer coursework to the following University of Illinois course:

- **MATH 241**, Calculus III

**Junior-level transfer admission highly recommends** completion of equivalent transfer coursework to the following University of Illinois courses:

- **CHEM 232**, Elementary Organic Chemistry
- **CHEM 233**, Elem Organic Chem Lab
- **CHEM 236**, Fundamental Organic Chem I
- **CHEM 237**, Structure and Synthesis
- **CHEM 332**, Elementary Organic Chemistry II
- **CHEM 432**, Fundamental Organic Chemistry II

(Continued)
Completion of transfer equivalents to some of the following University of Illinois courses prior to transfer is highly recommended.

- PHYS 101, College Physics: Mech & Heat
- PHYS 102, College Physics: E&M & Modern

**Specialized Curriculum in Chemistry**

**Sophomore-level transfer admission requires** completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement:

- CHEM 202, Accelerated Chemistry I
- CHEM 203, Accelerated Chemistry Lab I
- CHEM 204, Accelerated Chemistry II
- CHEM 205, Accelerated Chemistry Lab II
- or CHEM 102, General Chemistry I
- CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II
- CHEM 105, General Chemistry Lab II
- MATH 220, Calculus
- MATH 231, Calculus II
- RHET 105, Writing and Research
- Language Recommendation

**Junior-level transfer admission requires** completion of all equivalent transfer coursework required for Sophomore-level transfer admission and equivalent transfer coursework to the following University of Illinois course:

- MATH 241, Calculus III

**Junior-level transfer admission highly recommends** completion of equivalent transfer coursework to the following University of Illinois courses.

- CHEM 232, Elementary Organic Chemistry
- CHEM 233, Elem Organic Chem Lab
- or CHEM 236, Fundamental Organic Chem
- CHEM 237, Structure and Synthesis
- and CHEM 332, Elementary Organic Chemistry II or CHEM 432, Fundamental Organic Chemistry II
- PHYS 211, University Physics: Mechanics
- PHYS 212, University Physics: Elec & Mag

Due to the unique structure of the Specialized Curriculum in Chemistry, transfer students, who enter at the **Junior-level** by credit hours completed, typically require a total of five or six semesters on our campus to graduate. We believe that this extra semester or two is a worthwhile investment, if it maximizes your opportunity of success and our experience strongly suggests that it does. Students who join us with less than 60 credit hours will typically be able to complete their graduation requirements in a more traditional total of four years of college.

---

1. Students who have completed a non-accelerated general chemistry sequence and choose the Specialized Curriculum in Chemistry will enroll in CHEM 222, Quantitative Analysis Lecture and CHEM 223, Quantitative Analysis Laboratory, after transferring. CHEM 222 and CHEM 223 are optional for the Chemistry major. Students pursuing a Science and Letters Curriculum may complete coursework equivalent to the University of Illinois’ CHEM 102-105 sequence or CHEM 202-205 sequence.

2. The transfer equivalent to the University of Illinois’ three-course Calculus sequence (MATH 220, 231 and 241) should be completed prior to transfer.

3. At most institutions, the equivalent requires a two-course English composition sequence.

4. If the Organic Chemistry sequence is not completed by equivalent transfer coursework, time to degree completion for transfer students will likely be extended for this program of study.

5. Depending on the available courses, the most advanced physics sequence or the one for engineering majors must be followed. If no 3-semester, 12-hour sequence is available for engineering majors, a 2-semester, 10-hour sequence may also be acceptable, provided it includes modern physics.

A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Admission recommendations for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois Language Recommendation.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to some of the following University of Illinois courses and graduation requirement prior to transfer is highly recommended.

CWL 189, Lit of Asia & Africa I
CWL 190, Lit of Asia & Africa II
CWL 241, Lit Europe & the Americas I or CWL 242, Lit Europe & the Americas II
ENGL 101, Intro to Poetry or ENGL 102, Intro to Drama or ENGL 103, Intro to Fiction
HIST 141, Western Civ to 1660
HIST 142, Western Civ Since 1660
RHET 105, Writing and Research

Language Recommendation

---

1 At most institutions, the equivalent requires a two-course English composition sequence.

E-mail: las-newstudent@illinois.edu
Computer Science and Liberal Arts and Sciences Disciplines

This is an LAS major in Computer Science in conjunction with one of the following LAS Disciplines: Anthropology, Astronomy, Chemistry and Linguistics. Each is a flexible program for students who plan to pursue technical or professional careers in arts and sciences areas requiring a sound grounding in computer science. Students can use the supporting coursework to prepare for employment immediately upon graduation or for pursuing graduate study in a wide variety of fields or to complete a significant body of courses in a single area, such as a double major or minor. Examples include programming in sciences (such as bioinformatics, population genetics, demography, geographic information sciences, climate modeling, or social network analysis) or in the humanities (such as digital restoration, textual analyses, or other areas) or social sciences (such as population research). Information about these disciplines can be found at: http://catalog.illinois.edu/undergraduate/las/comp-science/#majortext

Students interested in Mathematics or Statistics should enroll in the MATH & CS or STAT & CS programs of study.

Major in Sciences and Letters Curriculum

Computer Science and Anthropology

Please confer with the Computer Science advisor as well as the advisor in Anthropology.

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 3.20 or higher (A=4.00) is required for admission to Computer Science & Anthropology at least a grade point average of 3.20 or higher (A=4.00) for the transfer courses equivalent to the required courses listed below. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of equivalent transfer coursework to some of the following University of Illinois courses:

- CS 125, Intro to Computer Science
- MATH 220, Calculus
- MATH 231, Calculus II or CS 173, Discrete Structures

Junior-level transfer admission requires completion of all of the sophomore-level transfer requirements and equivalent transfer coursework to the following University of Illinois course:

- MATH 241, Calculus III

Completion of transfer equivalents to the following University of Illinois courses and graduation requirement prior to transfer is highly recommended

- ANTH 102, Human Origins and Cultures
- CS 173, Discrete Structures
- RHET 105, Writing and Research

**Language Recommendation**

Supporting Courses

**CONTACT INFORMATION:** Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498
E-mail: las-newstudent@illinois.edu
1 CS 125, Intro to Computer Science is preferred. If a transferable equivalent is not available, a transferable equivalent to CS 101, Intro Computing: Engrg & Sci, may be substituted.

2 It is highly recommended that an equivalent transfer course to CS 173, Discrete Structures, be completed prior to transfer; however, transfer will be considered without completion of an equivalent course.

3 At most institutions, the equivalent requires a two-course English composition sequence.

4 Supporting courses can be selected in a single discipline (building towards a minor) or can be taken from a variety of disciplines related to aspects of interest to the student in Anthropology.
Computer Science and Astronomy

Please confer with the Computer Science advisor as well as the advisor in Astronomy.

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 3.20 or higher (A=4.00) is required for admission to Computer Science & Anthropology at least a grade point average of 3.20 or higher (A=4.00) for the transfer courses equivalent to the required courses listed below. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois courses:

- CS 125, Intro to Computer Science
- MATH 220, Calculus
- MATH 231, Calculus II or CS 173, Discrete Structures

Junior-level transfer admission requires completion of all of the sophomore-level transfer requirements and equivalent transfer coursework to the following University of Illinois course:

- MATH 241, Calculus III

Junior-level transfer admission highly recommends completion of transfer equivalents to the following University of Illinois courses and graduation requirement prior to transfer is highly recommended

- ASTR 210, General Astronomy
- CS 173, Discrete Structures
- PHYS 211, University Physics: Mechanics
- PHYS 212, University Physics: Elec & Mag
- PHYS 213, Univ Physics: Thermal Physics
- PHYS 214, Univ Physics: Quantum Physics
- RHET 105, Writing and Research

Language Recommendation

1 CS 125, Intro to Computer Science is preferred. If a transferable equivalent is not available, a transferable equivalent to CS 101, Intro Computing: Engrg & Sci, may be substituted.

2 It is highly recommended that an equivalent transfer course to CS 173, Discrete Structures, be completed prior to transfer; however, transfer will be considered without completion of an equivalent course.

3 At most institutions, the equivalent requires a two-course English composition sequence.

CONTACT INFORMATION: Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498
E-mail: las-newstudent@illinois.edu
Computer Science and Chemistry

Please confer with the Computer Science advisor as well as the advisor in Chemistry.

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 3.20 or higher (A=4.00) is required for admission to Computer Science & Chemistry at least a grade point average of 3.20 or higher (A=4.00) for the transfer courses equivalent to the required courses listed below. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois courses:

- CS 125, Intro to Computer Science
- MATH 220, Calculus
- MATH 231, Calculus II or CS 173, Discrete Structures

Junior-level transfer admission requires completion of all of the sophomore-level transfer requirements and equivalent transfer coursework to the following University of Illinois course:

- MATH 231, Calculus II

Sophomore level transfer admission to Chemistry highly recommends completion of transfer equivalents to the following University of Illinois courses.

- CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II
- CS 173 Discrete Structures
- CS 225 Data Structures
- RHET 105 Writing and Research

Language Recommendation

Junior-level transfer admission to Chemistry highly recommends completion of all of the sophomore-level transfer admission recommendations of equivalent transfer coursework to the following University of Illinois courses and graduation requirement.

- MATH 225, Introductory Matrix Theory
- STAT 100, Statistics

(Continued)
Completion of transfer equivalents to the following University of Illinois courses prior to transfer to both programs is **highly recommended**.

PHYS 101, College Physics: Mech & Heat  
PHYS 102, College Physics: E&M & Modern

---

1 CS 125, Intro to Computer Science is preferred. If a transferable equivalent is not available, a transferable equivalent to CS 101, Intro Computing: Engrg & Sci, may be substituted.

2 It is **highly recommended** that an equivalent transfer course to CS 173, Discrete Structures, be completed prior to transfer; however, transfer will be considered without completion of an equivalent course.

3 At most institutions, the equivalent requires a two-course English composition sequence.

4 **If the Organic Chemistry sequence is not completed by equivalent transfer coursework, time to degree completion for transfer students may likely be extended for this program of study.**

5 Effective Fall 2017 STAT 100 will be required for junior-level transfer.
Computer Science and Linguistics

Please confer with Computer Science advisor as well as the advisor in Linguistics.

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 3.20 or higher (A=4.00) is required for admission to Computer Science & Anthropology at least a grade point average of 3.20 or higher (A=4.00) for the transfer courses equivalent to the required courses listed below. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois courses:

CS 125, Intro to Computer Science
MATH 220, Calculus
MATH 231, Calculus II or CS 173, Discrete Structures

Junior-level transfer admission requires completion of all of the sophomore-level transfer requirements and equivalent transfer coursework to the following University of Illinois course:

MATH 241, Calculus III

Sophomore level transfer admission highly recommends completion of transfer equivalents to the following University of Illinois courses.

CS 173, Discrete Structures
CW 104, Introductory Narrative Writing or CW 106, Introductory Poetry Writing
LING 100, Intro to Language Science
LING 225, Elements of Psycholinguistics
PSYC 100, Intro Psych
RHET 105, Writing and Research
RHET 233, Principles of Composition

Language Recommendation
Supporting Elective

1 CS 125, Intro to Computer Science is preferred. If a transferable equivalent is not available, a transferable equivalent to CS 101, Intro Computing: Engrg & Sci, may be substituted.

2 It is highly recommended that an equivalent transfer course to CS 173, Discrete Structures, be completed prior to transfer; however, transfer will be considered without completion of an equivalent course.

3 If transfer equivalents to these courses are not available, students should choose transferable general education or elective courses.

4 At most institutions, the equivalent requires a two-course English composition sequence.

5 Refer to the statement on supporting coursework in the LAS Linguistics section of the current Programs of Study which may be found in the website at the top of the page.

Earth, Society and Environmental Sustainability
Science of the Earth System (SES)

Science of the Earth System: http://catalog.illinois.edu/undergraduate/las/academic-units/earth-system-environ/#majorstext

An online undergraduate degree, a Bachelor's of Science degree in Earth, Society and Environmental Sustainability is being offered by the School of Earth, Society, and Environment. The transfer requirements for this new degree program are exactly the same as for the regular campus program. Information concerning this new online ESE degree program can be found at the following link: https://www.earth.illinois.edu/students/eses_online_overview.

Any questions concerning this degree program may be directed to the contact person listed below or to Dr. Jonathan Tomkin, who may be contacted at: tomkin@illinois.edu or call (217) 244-2928.

This is an online program. I-20s will not be issued to international students who enroll in this program. The University of Illinois is not authorized to offer online distance education programs to students in the State of Maryland. As of December 15, 2014, no new Maryland students will be allowed to enroll in online programs.

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Admission recommendations for transfer include completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
ECON 102, Microeconomic Principles or ACE 100, Agr Cons and Resource Econ
MATH 220, Calculus
PHYS 101, College Physics: Mech & Heat or PHYS 211, University Physics: Mechanics
RHET 105, Writing and Research
STAT 100, Statistics or ECON 202, Economic Statistics I

Language Recommendation Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education categories prior to transfer is also highly recommended:

Cultural Studies: Non-Western /U.S. Minority Culture(s)
Cultural Studies: Western/Comparative Culture(s)
Humanities & the Arts: Literature & the Arts
Natural Sciences & Technology: Life Sciences, Earth's Bio Systems
Natural Sciences & Technology: Physical Sciences, Earth's Physical Systems
Social & Behavioral Sciences: Social Sciences

Admission recommendations for transfer include completion of equivalent transfer coursework to the following University of Illinois Language Recommendation:

**Language Recommendation**: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to some of the following University of Illinois courses and graduation requirement prior to transfer is highly recommended.

**Language Recommendation**

RHET 105, Writing and Research\(^1\)

Students in the Latin American Studies Program should complete an equivalent to the University of Illinois’ LAST 170, Introduction to Latin America, if available.

Students in East Asian Languages and Cultures must complete EALC 120, East Asian Civilizations, as a graduation requirement.

Latin American & Caribbean Studies require study in one language other than English. Select from Spanish, Portuguese, Quechua or Native Languages, e.g., Maya (can be studied at the University of Chicago, University of Illinois consortium partner).

Students in the Russian, East European, and Eurasian Studies program should complete an equivalent to the University of Illinois REES 200, Intro to Russia & Eurasia, REES 201, Introduction to Eastern Europe and must complete REES 495, Senior Seminar, as a graduation requirement.

For electives, special consideration should be given to courses that contribute to an understanding of the broad background against which the region and cultures of the area are studied. Examples are general courses in anthropology, economics, geography, Asian and modern European or world history, world literature, political science and sociology. See the description of the requirements for each of these programs at the websites at the top of the page.

---

\(^1\) At most institutions, the equivalent requires a two-course English composition sequence.

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

Admission recommendations for transfer include completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

CMN 101, Public Speaking
HIST 141, Western Civ to 1660 and HIST 142, Western Civ Since 1660
or CWL 241, Lit Europe & the Americas I and CWL 242, Lit Europe & the Americas II
RHET 105, Writing and Research

**Language Recommendation**

French Studies and Commercial French Studies students can complete transfer equivalents to ARTH 111, Ancient to Medieval Art and ARTH 112, Renaissance to Modern Art or FR 435, French Civilization I and FR 436, French Civilization II.

---

1 A sequence in Western Cultural Studies comparable to HIST 141, Western Civ to 1660 and HIST 142, Western Civ Since 1660 or CWL 241, Lit Europe & the Americas I and CWL 242, Lit Europe & the Americas II is required for graduation as a major in any language other than English.

2 At most institutions, the equivalent requires a two-course English composition sequence.

**CONTACT INFORMATION:** Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498 E-mail: las-newstudent@illinois.edu
Gender and Women’s Studies

Gender and Women’s Studies: [http://catalog.illinois.edu/undergraduate/las/academic-units/gender-womens-studies/#majortext](http://catalog.illinois.edu/undergraduate/las/academic-units/gender-womens-studies/#majortext)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Geography

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Admission recommendations for transfer include completion of equivalent transfer coursework to the following University of Illinois courses, General Education and/or graduation requirements prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

GEOG 101, Geog of Developing Countries
GEOG 103, Earth’s Physical Systems
GEOG 104, Social and Cultural Geography
RHET 105, Writing and Research

Language Recommendation

Students specializing in general human and physical geography, urban and social geography, historical and regional studies or economic geography are encouraged to select transfer equivalents to MATH 124, Finite Mathematics and MATH 234, Calculus for Business I.

Students specializing in the Physical Environment are encouraged to select transfer equivalents to MATH 220, Calculus.

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education categories prior to transfer are also highly recommended:

Social & Behavioral Sciences

---

1 If physical geography is not offered, students should select transfer equivalents to the physical science courses from the University of Illinois’ General Education requirements listed at the following web link: https://courses.illinois.edu/gened/2015/fall.

2 At most institutions, the equivalent requires a two-course English composition sequence.

3 For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Geology Major and the Specialized Curriculum in Geology

Geology: [http://catalog.illinois.edu/undergraduate/las/academic-units/geology/#majorstext](http://catalog.illinois.edu/undergraduate/las/academic-units/geology/#majorstext)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

Students intending to major in Geology at Illinois should request a copy of the “Guide for Geology Undergraduates” from the Department of Geology, 245 Natural History Building, 1301 W. Green Street, Urbana, IL 61801, (217/333-3540).

Admission recommendations for transfer include completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

**Language Recommendation**: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II
GEOL 107, Physical Geology
MATH 220, Calculus ¹
PHYS 101, College Physics: Mech & Heat ² or PHYS 211, University Physics: Mechanics ²
PHYS 102, College Physics: E&M & Modern ² or PHYS 212, University Physics: Elec & Mag ²
RHET 105, Writing and Research ³

¹ The Specialized Curriculum in Geology and Geophysics in the current Programs of Study require three semesters of Calculus; whereas, the Sciences and Letters curriculum major in Geology, however, requires only one semester of Calculus.

² PHYS 101, College Physics: Mech & Heat and PHYS 102, College Physics: E&M & Modern OR PHYS 211, University Physics: Mechanics and PHYS 212, University Physics: Elec & Mag will satisfy the Physics requirement for the Geology major. For the Geophysics option, PHYS 211, 212, 213 and 214 are required for graduation.

³ At most institutions, the equivalent requires a two-course English composition sequence.

**CONTACT INFORMATION**: Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498
E-mail: las-newstudent@illinois.edu
Global Studies

Transfer applicants who have completed more than 4 semesters or 60 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. It is important to note that Global Studies requires that students study abroad for one semester. Most study abroad programs now require a 3.0 minimum GPA, so it is highly recommended that your GPA be at least at that level. If your GPA is under 3.0, please contact LAS Global Studies to consult with an advisor (globalstudies@illinois.edu). Applicants are considered on a space available basis.

Students are advised to transfer into Global Studies with 45 hours of college credit. In order to meet the University of Illinois residency requirement of 60 hours on campus, as well as the Global Studies study abroad requirement, students should plan for at least five semesters of post-transfer undergraduate work.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Admission recommendations for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois Language Recommendation.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Global Studies requires at least 6 credits of advanced language coursework beyond the LAS graduation requirement. Transfer students must take the appropriate language placement tests before registering for classes and should ideally be taking language courses at their current institution prior to transfer. Study abroad locations and regional focus within the major are based on the student’s language used for the major.

Global Studies strongly recommends that students have completed the Composition I requirement and most of the other University of Illinois General Education degree requirements before entering the major. Additionally, completion of exact course equivalents to some of the following University of Illinois courses is recommended for transfer, as they complete the interdisciplinary core course requirement for the major. Students are encouraged to the https://www.transferology.com/ to see if a course taken at another institution will transfer as an exact course equivalent. To learn more about all of the core course options, please refer to: http://www.globalstudies.illinois.edu/current/academics/courses/.

- ANTH 203, Sociocultural Anthropology
- HIST 258, 20thC World to Mid-Century or HIST 259, 20thC World from Mid-Century
- PS 241, Comparative Politics in Developing Nations or PS 280, Intro to Intl Relations
- RHET 105, Writing and Research
- SOC 270, Population Issues

Language Recommendation

For electives, special consideration should be given to courses that satisfy the major requirements under Area Studies and Thematic Studies. Such courses should contribute to an understanding of the broad background against which the region and cultures of a student’s particular area of the world are studied. Examples are general courses in anthropology, economics, geography, history, literature, political science and sociology.

Prospective transfer students are strongly encouraged to contact Global Studies at globalstudies@illinois.edu for further guidance in choosing coursework because of the individualized nature of the major.

Completion of an equivalent to RHET 105, Principles of Composition or completion of a two course English/Rhetoric sequence which articulates as a UCI 1 - - AND a UCI 1 --.

CONTACT INFORMATION: Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498

HIST 100, Global History
HIST 141, Western Civ to 1660
HIST 142, Western Civ Since 1660
HIST 171, US HIST to 1877
HIST 172, US HIST Since 1877
RHET 105, Writing and Research

Language Recommendation

1 It is recommended that transfer students majoring in History complete equivalents to two of the five History courses listed above.

2 At most institutions, the equivalent requires a two-course English composition sequence.

CONTACT INFORMATION: Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498 E-mail: las-newstudent@illinois.edu
Integrative Biology

Integrative Biology: [http://catalog.illinois.edu/undergraduate/las/academic-units/integrative-bio/#majorstext](http://catalog.illinois.edu/undergraduate/las/academic-units/integrative-bio/#majorstext)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in *red italics*, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the **Language Recommendation** is highly recommended.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of equivalent transfer coursework to the following University of Illinois courses:

- IB 103, Intro to Plant Biology
- or IB 104, Animal Biology
- or IB 150, Organismal & Evolutionary Biol
- or MCB 150, Molec & Cellular Basis of Life
- RHET 105, Writing and Research

**For sophomore-level transfer admission**, completion of transfer course equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II

**Junior-level transfer admission requires** completion of transfer course equivalents to the following University of Illinois courses:

- CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II
- IB 150, Organismal & Evolutionary Biol
- RHET 105, Writing and Research

**For junior-level transfer admission**, completion of transfer course equivalents to the following University of Illinois courses and graduation requirement prior to transfer is highly recommended.

- MATH 220, Calculus
- MCB 150, Molec & Cellular Basis of Life
- STAT 100, Statistics

E-mail: las-newstudent@illinois.edu
Mathematics and Actuarial Science

Mathematics:  http://catalog.illinois.edu/undergraduate/las/academic-units/math/mathematics-bs/
Actuarial Science:  http://catalog.illinois.edu/undergraduate/las/academic-units/math/actuarial/

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). An overall grade point average of 2.70 or higher (A=4.00) is required for admission to Mathematics and Actuarial Science. However, Mathematics/Actuarial Science both require a 3.00 GPA for all transfer mathematics coursework completed. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link:  https://courses.illinois.edu/gened/2015/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation:  There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission to either discipline requires completion of equivalent transfer coursework to the following University of Illinois courses:

MATH 220, Calculus¹
MATH 231, Calculus II¹

If you plan to transfer into either of the programs of study with 45 or more completed transferable hours and have not completed an equivalent to MATH 241, Calculus III, the length of time to degree completion may increase.

Junior-level transfer admission to either discipline requires completion of all sophomore-level transfer admission requirements and equivalent transfer coursework to the following University of Illinois course:

MATH 241, Calculus III¹

MATHEMATICS

For Sophomore-level transfer admission completion of a transfer equivalent to one of the following University of Illinois courses is highly recommended:

CS 101, Intro Computing: Engrg & Sci or CS 125, Intro to Computer Science

An additional requirement for Junior-level transfer admission is completion of a transfer equivalent to one of the following University of Illinois courses:

CS 101, Intro Computing: Engrg & Sci or CS 125, Intro to Computer Science

(Continued)
Actuarial Science

For Sophomore-level transfer admission completion of an equivalent to ACCY 200, Fundamentals of Accounting, or a survey course in accounting, e.g. a financial accounting course, is highly recommended. Completion of an equivalent to CS 101, CS 105, or CS 125 is also recommended.

An additional requirement for junior-level transfer is completion of a transfer equivalent to one of the following University of Illinois courses:

- CS 101, Intro Computing: Engrg & Sci
- CS 105, Intro to Computing: Non-Tech
- CS 125, Intro to Computer Science

Students majoring in Actuarial Science should select ECON 102, Microeconomic Principles and ECON 103, Macroeconomic Principles, to complete their Social Science General Education requirements in the LAS Sciences and Letters curriculum.

Completion of transfer equivalents to the following University of Illinois courses and graduation requirement prior to transfer is highly recommended for each major:

- MATH 225, Introductory Matrix Theory
- RHET 105, Writing and Research

Language Recommendation

1 It is strongly recommended that a calculus sequence comparable to University of Illinois’ MATH 220, Calculus, MATH 231, Calculus II and MATH 241, Calculus III, be completed prior to transfer to any of the three programs of study. The recommended minimum GPA for the courses in the calculus sequence is 3.00 (A=4.00).

2 At most institutions, the equivalent requires a two-course English composition sequence.
Mathematics & Computer Science

**Math/CS**: [http://catalog.illinois.edu/undergraduate/las/academic-units/math/mathematics-computer-science-major/](http://catalog.illinois.edu/undergraduate/las/academic-units/math/mathematics-computer-science-major/)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A **grade point average of 3.20 or higher (A=4.00) is required for admission** to Mathematics & Computer Science. However, a **3.00 GPA is required for each Mathematics course completed**. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in **red italics**, which must be successfully completed prior to the desired term of entry.

### Language Recommendation
There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of equivalent transfer coursework to the following University of Illinois courses:

- CS 125, Intro to Computer Science[^1]
- MATH 220, Calculus[^2]
- MATH 231, Calculus II[^2]

*If you plan to transfer into either of the programs of study with 45 or more completed transferable hours and have not completed an equivalent to MATH 241, the length of time to degree completion may increase.*

**Junior-level transfer admission requires** completion of all of the **sophomore-level transfer** requirements and equivalent transfer coursework to the following University of Illinois course:

- MATH 241, Calculus III[^2]

Completion of transfer equivalents to the following University of Illinois courses and graduation requirement prior to transfer is **highly recommended** for all three majors.

- CS 173, Discrete Structures[^3]
- RHET 105, Writing and Research[^4]

**Language Recommendation**

Students majoring in Statistics and Computer Science should include an introductory course in Statistics, e.g. an equivalent to STAT 100, Statistics.

[^1]: CS 125, Intro to Computer Science is preferred. If a transferable equivalent is not available, a transferable equivalent to CS 101, Intro Computing: Engr & Sci, may be substituted.

[^2]: It is strongly recommended that a calculus sequence comparable to the University of Illinois’ MATH 220, Calculus, MATH 231, Calculus II and MATH 241, Calculus III, be completed prior to **junior-level** transfer to either program of study. The recommended GPA for the courses in the Calculus sequence is **3.00 (A=4.00)**.

[^3]: It is highly recommended that an equivalent transfer course to CS 173, Discrete Structures, be completed prior to transfer; however, transfer will be considered without a comparable course.

[^4]: At most institutions, the equivalent requires a two-course English composition sequence.
Molecular and Cellular Biology

Molecular and Cellular Biology: http://catalog.illinois.edu/undergraduate/las/academic-units/molecular-cell-bio/#majorstext

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). To be considered for admission, applicants must demonstrate proficiency of subject matter by earning a minimum 3.00 (A=4.00) grade point average (GPA) in the required technical subjects (biology, chemistry, physics and math) and a minimum 2.7 (A=4.00) cumulative GPA for all transfer coursework completed. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois courses:

- CHEM 102, General Chemistry I
- CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II
- CHEM 105, General Chemistry Lab II
- IB 150, Organismal & Evolutionary Biol 1 & 2
- or MCB 150, Molec & Cellular Basis of Life 1 & 2

Junior-level transfer admission requires completion of all of the sophomore-level transfer admission requirements and equivalent transfer coursework to the following University of Illinois courses:

- IB 150, Organismal & Evolutionary Biol 2, if not completed previously
- MCB 150, Molec & Cellular Basis of Life 2 & 3, if not completed previously

Completion of transfer equivalents to some of the following University of Illinois courses prior to transfer is highly recommended.

- CHEM 232, Elementary Organic Chemistry I 4
- and CHEM 233, Elementary Organic Chem Lab I 4
- MATH 220, Calculus
- RHET 105, Writing and Research 5

Language Recommendation

(Continued)
1 Students can take their institution’s Biology I and/or Biology II. It is recommended that students transferring into MCB as sophomores take MCB 150 at the University of Illinois, when a direct equivalent to MCB 150 is not available at their transfer institution. This will enable the student to be better prepared for MCB 250 at the University of Illinois.

2 The introductory Biology sequence must include an Organismal/Evolutionary course and a Molecular/Cellular course. Please see the (formerly u.select) Transferology website – https://www.transferology.com for transfer articulation information. Contact the IB/MCB Advising Office at 217/333-6774 for specific recommendations for your community college.

3 If a direct equivalent to MCB 150 is not available, students will be expected to complete MCB 150 upon transfer to ensure a smoother academic transition to the MCB program. If a direct equivalent to MCB 150 has been completed, students should complete the MCB Transfer Student Diagnostic Test to ensure placement into the appropriate course. Information about the MCB Transfer Student Diagnostic Test can be found at this URL: http://mcb.illinois.edu/undergrad/students/transfer_diagnostic.html.

4 Students who plan on attending medical school should take Organic Chemistry I & II with labs at the University of Illinois.

5 At most institutions, the equivalent requires a two-course English composition sequence. It is highly recommended that this requirement is completed prior to transfer so that space in the student’s schedule is made available for other courses.
Philosophy

Philosophy: [http://catalog.illinois.edu/undergraduate/las/academic-units/philosophy/#majortext](http://catalog.illinois.edu/undergraduate/las/academic-units/philosophy/#majortext)

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework** are subject to an **additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A **grade point average of 2.70 or higher (A=4.00)** is **required for admission**. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

**Admission recommendations** for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois **Language Recommendation**.

**Language Recommendation**: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to some of the following University of Illinois courses and graduation requirement prior to transfer is **highly recommended**.

- PHIL 101, Introduction to Philosophy
- PHIL 102, Logic and Reasoning or PHIL 202, Symbolic Logic
- PHIL 110, World Religions
- Philosophy Electives
- RHET 105, Writing and Research

---

1 At most institutions, the equivalent requires a two-course English composition sequence.

Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of equivalent transfer coursework to the following University of Illinois courses:

- MATH 220, Calculus
- MATH 231, Calculus II
- PHYS 211, University Physics: Mechanics

**Junior-level transfer admission requires** completion of all of the **sophomore-level transfer admission requirements** and equivalent transfer coursework to the following University of Illinois courses:

- MATH 241, Calculus III
- PHYS 212, Univ Physics: Elec & Mag
- PHYS 213, Univ Physics: Thermal Physics
- PHYS 214, Univ Physics: Quantum Physics

Completion of transfer equivalents to some of the following University of Illinois courses and graduation requirement prior to transfer is **highly recommended**.

- CHEM 102, General Chemistry [2] and CHEM 103, General Chemistry Lab [2]
- RHET 105, Writing and Research [3]

**Language Recommendation**

---

1. The transfer course equivalents to the full University of Illinois’ calculus sequence (MATH 220, 231 and 241) should be completed prior to transfer.
2. It is recommended that students intending to pursue the Specialized Curriculum in Physics complete University of Illinois’ Chemistry 102 and 103 or equivalent transfer coursework.
3. At most institutions, the equivalent requires a two-course English composition sequence.
Political Science

Political Science: [http://catalog.illinois.edu/undergraduate/las/academic-units/political-science/#majortext](http://catalog.illinois.edu/undergraduate/las/academic-units/political-science/#majortext)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Admission recommendations for transfer include completion of equivalent transfer coursework to the following University of Illinois courses, General Education and/or graduation requirements prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

- CMN 102, Intro to Comm Theory & Res
- ECON 102, Microeconomic Principles
- ECON 103, Macroeconomic Principles
- PHIL 102, Logic & Reasoning
- PS 101, Into to US Gov & Pol
- PS 240, Into to Comp Politics
- PS 280, Intro to Intl Relations
- PSYC 100, Intro Psych
- RHET 105, Writing and Research
- **Political Science**
- Quantitative Reasoning I and II

---

1 At most institutions, the equivalent requires a two-course English composition sequence.

2 Transfer coursework comparable to University of Illinois’ PS 220, Introduction to Public Policy, PS 230, Introduction to Political Research, PS 270, Introduction to Political Theory or 300 level courses.

3 It is **strongly recommended** that transfer equivalents to one of the following courses be completed prior to transfer: STAT 100, Statistics, MATH 220, Calculus, MATH 231, Calculus II or CS 105, Intro Computing: Non-Tech.
Psychology

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 3.00 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

University of Illinois’ Psychology is a research-focused program with an emphasis on biological psychology. Students interested in counseling might consider Sociology (LAS), Human Development and Family Studies (ACES) or Community Health (AHS).

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of equivalent transfer coursework to the following University of Illinois courses:

- PSYC 100, Intro Psych
- RHET 105, Writing and Research
- STAT 100, Statistics

Completion of a transfer equivalent to the following University of Illinois course prior to transfer is highly recommended.

**Language Recommendation**

One additional transferable psychology course

**Junior-level transfer admission requires** completion of all of the sophomore-level transfer admission requirements and equivalent transfer coursework to the following University of Illinois courses:

Two additional psychology courses

---

1 At most institutions, the equivalent requires a two-course English composition sequence.

2 Sophomore transfers should complete at least two and junior transfers are required to complete at least three Psychology courses with a **GPA of 3.00** in those courses prior to transfer, one of which must be an equivalency to University of Illinois PSYC 100, Intro Psych. The remaining two may be chosen from equivalent transfer courses to PSYC 201, Intro to Social Psych, PSYC 216, Child Psych, PSYC 238, Abnormal Psych, PSYC 239, Community Psych, PSYC 245, Industrial Org Psych or PSYC 250, Psych of Personality or any articulated 200-level Psychology course, which may or may not be posted on the u.select (formerly CAS) website – https://www.transferology.com. Articulation information concerning non-posted courses may be obtained by contacting the Director of the Coordinated Course Articulation Unit at 217/333-1891.

**CONTACT INFORMATION:** Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498
E-mail: las-newstudent@illinois.edu
Religion

Religion: [http://catalog.illinois.edu/undergraduate/las/academic-units/religious-studies/#majortext](http://catalog.illinois.edu/undergraduate/las/academic-units/religious-studies/#majortext)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

Admission recommendations for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois Language Recommendation.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to some of the following University of Illinois courses and graduation requirement prior to transfer is **highly recommended.**

- HIST 141, Western Civ to 1660
- HIST 142, Western Civ Since 1660
- CWL 241, Lit Europe & the Americas
- CWL 242, Lit Europe & the Americas II
- RHET 105, Writing and Research
- RLST 104, Asian Mythology or RLST 122, History East Asian Religions
- RLST 110, World Religions
- RLST 201, Hebrew Bible in English
- RLST 202, New Testament in English
- RLST 230, Philosophy of Religion Intro

**Language Recommendation**

Literature

1 A sequence in Western Cultural Studies comparable to either HIST 141, Western Civ to 1660 and HIST 142, Western Civ Since 1660 or CWL 241, Lit Europe & the Americas I and CWL 242, Lit Europe & the Americas II, is required for graduation in the Religious Studies major.

2 At most institutions, the equivalent requires a two-course English composition sequence.

3 If transfer equivalents to the religious studies course previously listed are not available, substitute transferable general education courses or electives.

4 Literature courses which make up the “Classics” of Western civilization (Homer, Vergil, Dante, etc.) and/or major British and American writers are recommended.

**CONTACT INFORMATION:** Allie Teagarden, Director of Recruitment & Admissions, University of Illinois, College of Liberal Arts & Sciences, 2002 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: (217) 333-1703; Fax: 217/244-9498

Sociology

Sociology: [http://catalog.illinois.edu/undergraduate/las/academic-units/sociology/#majortext](http://catalog.illinois.edu/undergraduate/las/academic-units/sociology/#majortext)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Junior-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois courses:

**SOC 100, Introduction to Sociology**

Completion of transfer equivalents or comparable transfer coursework to the following University of Illinois courses, graduation and General Education requirements prior to transfer is highly recommended:

- RHET 105, Writing and Research\(^1\)
- SOC 280, Intro to Social Statistics\(^2\)

**Language Recommendation**
- Quantitative Reasoning I – General Education Requirement
- Sociology courses

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education categories\(^2\) prior to transfer is also highly recommended:

- Historical & Philosophical Perspectives (History courses recommended) – General Education Requirement

---

\(^1\) At most institutions, the equivalent requires a two-course English composition sequence.

\(^2\) For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

Statistics

Statistics: http://catalog.illinois.edu/undergraduate/las/academic-units/stats/statistics-major/

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). An overall grade point average of 2.70 or higher (A=4.00) is required for admission to Statistics. However, a 3.00 GPA is required for all transfer mathematics coursework completed. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened/2015/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois courses:

MATH 220, Calculus\(^1\)  
MATH 231, Calculus II\(^1\)

If you plan to transfer with 45 or more completed transferable hours and have not completed an equivalent to MATH 241, Calculus III, the length of time to degree completion may increase.

Junior-level transfer admission requires completion of all sophomore-level transfer admission requirements and equivalent transfer coursework to the following University of Illinois course:

MATH 241, Calculus III\(^1\)

Statistics requires no Computer Science coursework

Completion of transfer equivalents to the following University of Illinois courses and graduation requirement prior to transfer is highly recommended:

MATH 225, Introductory Matrix Theory\(^2\)  
RHET 105, Writing and Research\(^3\)

Language Recommendation

---

1 It is strongly recommended that a calculus sequence comparable to University of Illinois’ MATH 220: Calculus, MATH 231: Calculus II and MATH 241: Calculus III, be completed prior to transfer to any of the three programs of study. The recommended minimum GPA for the courses in the calculus sequence is 3.00 (A=4.00).
2 If available, a course comparable to MATH 415: Applied Linear Algebra, is preferred.
3 At most institutions, the equivalent requires a two-course English composition sequence.
Statistics & Computer Science

Stats/CS: [http://catalog.illinois.edu/undergraduate/las/academic-units/stats/statistics-computer-science-major/](http://catalog.illinois.edu/undergraduate/las/academic-units/stats/statistics-computer-science-major/)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to an additional review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 3.20 or higher (A=4.00) is required for admission to Statistics & Computer Science. However, a 3.00 GPA is required for all Mathematics coursework completed. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/gened/2015/fall](https://courses.illinois.edu/gened/2015/fall).

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry.

**Language Recommendation**: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of equivalent transfer coursework to the following University of Illinois courses:

- CS 125, Intro to Computer Science
- MATH 220, Calculus
- MATH 231, Calculus II

*If you plan to transfer with 45 or more completed transferable hours and have not completed an equivalent to MATH 241, the length of time to degree completion may increase.*

**Junior-level transfer admission requires** completion of all of the sophomore-level transfer requirements and equivalent transfer coursework to the following University of Illinois course:

- MATH 241, Calculus III

Completion of transfer equivalents to the following University of Illinois courses and graduation requirement prior to transfer is highly recommended.

- CS 173, Discrete Structures
- RHET 105, Writing and Research

**Language Recommendation**

Students majoring in Statistics and Computer Science should include an introductory course in Statistics, e.g. an equivalent to STAT 100, Statistics.

---

1 CS 125: Intro to Computer Science is preferred. If a transferable equivalent is not available, a transferable equivalent to CS 101: Intro Computing: Engrg & Sci, may be substituted.

2 It is strongly recommended that a calculus sequence comparable to the University of Illinois’ MATH 220: Calculus, MATH 231: Calculus II and MATH 241: Calculus III, be completed prior to junior-level transfer to either program of study. The recommended GPA for the courses in the calculus sequence is 3.00 (A=4.00).

3 It is highly recommended that an equivalent transfer course to CS 173: Discrete Structures, be completed prior to transfer; however, transfer will be considered without a comparable course.

4 At most institutions, the equivalent requires a two-course English composition sequence.
Secondary Education Teaching

General Information and Admission Requirements

The Secondary Education option in the College of Liberal Arts and Sciences (LAS) includes content work in your major and professional education courses in the College of Education. Students who successfully complete this degree will have a bachelor's degree in the major area of study and a license to teach that subject (English, Math, Science or Social Studies) in the state of Illinois.

The requirements for admission to the Secondary Education Teaching minor are available at http://education.illinois.edu/programs/information-for/ui-students-applying-to-the-minor. You may also wish to review the Secondary Education website at http://las2ed.wikispaces.com/. If you are interested in pursuing the Secondary Education Teaching option, you are strongly encouraged to contact LAS-Teach@illinois.edu to discuss the requirements for admission to the minor.

If you are interested in obtaining a degree in your major with a Secondary Education minor, you must designate your interest on your transfer application by checking the Secondary Education box as an educational goal. Your application will then go through a two-step process.

First, LAS will review your application materials. In order to be considered for the Secondary Education minor, you must enter with one of the following majors: Biology (IB or MCB), Chemistry, English, Geology, History, Math or Physics.

If you are offered admission to the College of Liberal Arts and Sciences, your application will then be reviewed by the Records Officer in the College of Education to determine if you are eligible to enter the Secondary Education minor. The Records Officer will notify you of the results of this review. You will not be required to complete any other application process (i.e. the “Students interested in applying should:” section on the following webpage does not apply to transfer students) http://education.illinois.edu/programs/information-for/ui-students-applying-to-the-minor.

Admission to the minor leads to a two-year professional education sequence beginning in the fall. If you cannot complete program requirements within 10 semesters total (including transfer hours as determined by your Admissions and Records Officer in LAS), you will need to consider alternative routes to teacher licensure.

Transfer Admission directly into the Secondary Education Teaching minor is very limited. Due to sequencing of courses and prerequisites, the majority of students must wait until the following spring to apply to the minor and may require up to 5 years total schooling. Admission to your major does not guarantee admission to the Secondary Education Teaching minor.
The Bachelor of Arts in Teaching Foreign Language (BAT)
General Information and Admission Requirements

BAT initial licensure programs for Grades K-12 include the following languages: French, German, Latin and Spanish.

What You Need to Know If You Are Considering the BAT Program

• To ensure that content & general education courses are completed prior to the start of the final year of the BAT professional education sequence, it is essential that students interested in pursuing the BAT discuss their academic plans & intentions with their language advisor prior to the start of Fall Semester.
• It is not possible to begin the final year of the professional education sequence until all required content, general education, & elective coursework has been satisfied.
• Once admitted to the BAT, teacher candidates are expected to complete the three semester sequence in the order they are offered & without deviating from the established sequence in any way.

Requirements & Other Important Information for Students Seeking to Apply for the BAT

Applicants must meet all of the requirements listed below in order to be eligible for admission to the Bachelor of Arts in Teaching Foreign Language (BAT) program. If there is uncertainty about eligibility requirements, interested students should meet with the undergraduate language advisor well in advance of the admissions application deadline (February 1).

What You Need to Know If You Want to Apply to the BAT Program

• Students wishing to apply for the BAT program may not hold a previously earned Bachelor’s degree in any field.
• Applicants must have a minimum 2.5 GPA in the language they plan to teach & a 2.5 overall cumulative GPA at the time of application.
• Meeting the minimum criteria does not guarantee admission to the BAT program.
• All applicants to the BAT program should have an alternate academic plan in the event that they are not admitted to the BAT.
• It is essential that students interested in applying to the BAT attend the fall information meeting; information meetings are held in October; meeting announcements will appear on the FLTE website at the beginning of Fall Semester (www.flte.illinois.edu).

To submit a complete application packet for admission to the BAT, applicants are required to:

• fulfill 25 field hours in a Foreign Language classroom at the secondary level by working with a teacher & students in the language the applicant intends to teach
• complete 5 hours shadowing a principal or other building leader in a secondary school
• complete 5 hours shadowing a member of Student Services in a secondary school
• attend one meeting of the school board in the district where they completed their shadowing
• respond to a series of essays that address issues professional dispositions in education
• submit a copy of all undergraduate transcripts
• submit a copy of a current résumé

BAT Application Deadline: February 1st

CONTACT INFORMATION: flte@illinois.edu; University of Illinois; 2090 Foreign Language Building; 707 S. Matthews St; Urbana, IL 61801; Phone: 217/333-7363; Fax: 217/333-2223
Readiness for the Professional Education Sequence

Any student with an interest in the BAT program **SHOULD MEET with her/his undergraduate language advisor prior to Fall Semester of the first year as a transfer student** to construct an 8 semester or other academic plan that will ensure all content & general education requirements & electives will be satisfied prior to Fall Semester of the senior year when the last phase of the professional education sequence begins.

**PLEASE NOTE:** It is very difficult to complete the final phase of the professional education sequence unless all content & general education requirements & electives have been met. As a result, it is critical that applicants make certain they will complete all content, electives, & general education courses prior to the start of the professional education sequence in Fall Semester of the final year.

Study Abroad

All BAT teacher candidates are strongly encouraged to study abroad for a summer, semester, or full academic year. The experience enhances authentic cultural knowledge & will prepare teacher candidates for the Oral Proficiency Interview (OPI) assessment that must be taken & passed to advance to Student Teaching. To ensure that students are on campus for the last three semesters prior to graduation when the professional education sequence takes place, seeking direction about study abroad from the language department advisor is critical as it will permit the advisor to assist in an out of country experience when the academic plan is constructed prior to the beginning of the first semester on campus.

Test Scores Required for Admission

All applicants to the BAT program must take & pass the Illinois Licensure Testing System (ILTS) **Test of Academic Proficiency (TAP)**. Alternatively, applicants have the opportunity to submit the **ACT score report where the composite score was 22 or higher**. For an applicant to be exempt from the TAP, her/his composite ACT score must include the writing component. For information about the TAP &/or the ACT scores necessary for admissions, applicants should visit the Council on Teacher Education’s website: [http://cote.illinois.edu/certification/documents/act_procedures_for_admission.pdf](http://cote.illinois.edu/certification/documents/act_procedures_for_admission.pdf)
