

UNIVERSITY OF ILLINOIS

College of Agricultural, Consumer and Environmental Sciences

Transfer Information

The information presented in the following section will assist all pre-transfer students, regardless of whether baccalaureate-oriented courses in introductory agricultural, consumer and environmental sciences related areas are offered at their community colleges. If transferable courses in these areas are not available, alternatives are suggested to meet the University of Illinois' General Education requirements. The University of Illinois admits qualified transfer students who have completed at least one year (two semesters or equivalent) at another higher education institution. Please note that the criteria for admission vary depending on if a student will have completed less than 60 or 60+ transferable credit hours by the time of enrollment.

Transfer students with 60 or more hours are expected to have successfully completed a transfer course equivalent which satisfies the University of Illinois' Quantitative Reasoning I (Mathematics) General Education requirement for their intended program of study as a condition of admission. Some programs have other specific courses that must be included in the pre-transfer programs as outlined. Prerequisite courses and requirements necessary for admission are shown in *red italics*. The college requires **a minimum GPA of 2.50 (A=4.00)** in most programs to be considered for admission. **Several programs require higher minimum grade point averages for consideration; so, applicants should consult the specific major and concentration to which they intend to apply.**

Some programs of study offered by the College of ACES require completion of this campus' CHEM 232, Elementary Organic Chemistry I as a graduation requirement. The corresponding lab, CHEM 233, Elementary Organic Chemistry Lab I, may be required, when applicable. CHEM 232, Elementary Organic Chemistry I, is a one-semester (lecture only) survey course, which covers many of the topics of a two-course organic chemistry sequence offered elsewhere. Completion of the first course of a transferable two-course organic chemistry sequence does not satisfy the organic chemistry requirement for those programs of study, unless currently articulated as such (consult <https://www.transfer.org/uselect/> for information about course equivalencies).

The College of ACES will accept transfer applications for all majors and concentrations for the fall and spring semesters.

General Education Requirements

All College of ACES students are required to satisfy certain minimum hours in the areas of the natural sciences, humanities, cultural studies, and social sciences. In many curricula, some or all of the distribution requirements are fulfilled with campus-wide general education courses already prescribed by the program. The remainder of the requirements can be fulfilled with other courses chosen from the Campus General Education Course List <http://courses.illinois.edu/cis/gened/>.

Language Recommendation: Starting with all 2012 applicants, there is no longer a language requirement for transfer admission. The College of Agricultural, Consumer and Environmental Sciences requires completion through the third level of one language other than English, either in high school or college, to **graduate** from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Agricultural and Biological Engineering

The minimum GPA for admission consideration is 3.00 (A=4.00).

Transfer coursework equivalent to the University of Illinois courses listed in *red italics* must be successfully completed **prior to** the desired term of entry.

Sophomore-level transfer admission requires completion of equivalent coursework to the following University of Illinois courses:

CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
MATH 220, Calculus
MATH 231, Calculus II
PHYS 211, University Physics: Mechanics

Completion of equivalents to the following University of Illinois courses prior to transfer is **highly recommended**:

ACE 100, Agr Cons and Resource Econ
or ECON 102, Microeconomic Principles
CHEM 104, General Chemistry II **and** CHEM 105, General Chemistry Lab II
CS 101, Intro Computing: Engrg & Sci
PHYS 212, University Physics: Elec & Mag
PHYS 213, Univ Physics: Thermal Physics
RHET 105, Principles of Composition
Language Recommendation¹

Students planning **Junior-level** transfer into Agricultural and Biological Engineering should refer to the College of Engineering section of the Transfer Handbook. For more information and transfer requirements for junior-level transfer, please contact the College of Engineering's Office of Academic Programs (engrap@illinois.edu or 217-333-2280).

¹ Please refer to Page 1 for the explanation of the **Language Recommendation** for transfer admission and graduation for all programs of study in the College of ACES.

**Agricultural and Consumer Economics
with concentrations in:
Agri-Accounting; Agri-Finance; Agribusiness, Markets and Management;
Consumer Economics and Finance; Environmental Economics and Policy;
Farm Management; Finance in Agri-Business; Financial Planning; Policy, International
Trade and Development; Public Policy and Law**

The minimum GPA for admission to all programs in the Dept. of ACE is 2.75 (A=4.00). Meeting the minimum may not ensure your admission, since the actual GPA of the yearly applicant pool determines that number.

Transfer coursework equivalent to the University of Illinois courses listed in *red italics* must be successfully completed **prior to** the desired term of entry.

Sophomore-level transfer admission requires completion of equivalent coursework to the following University of Illinois courses:

*ACE 100, Agr Cons and Resource Econ
or ECON 102, Microeconomic Principles
MATH 012, Algebra (College Algebra), or higher¹*

Junior-level transfer admission requires for **all concentrations** completion of equivalent coursework to the following University of Illinois courses:

*ACCY 201, Accounting and Accountancy I or an Intro to Financial Accounting course²
ACE 100, Agr Cons and Resource Econ
or ECON 102, Microeconomic Principles
ECON 103, Macroeconomics Principles
MATH 220, Calculus³
or MATH 234, Calculus for Business I
AND one of the following:
MATH 124, Finite Mathematics
or MATH 125, Elementary Linear Algebra
or MATH 231, Calculus II³*

Junior-level admission requires completion of additional equivalent coursework to the following University of Illinois course for the following concentrations:

Agri-Accounting, Agri-Finance, and Agribusiness Markets and Management

ACCY 202, Accounting and Accountancy II or an Intro to Managerial Accounting course⁴

Completion of equivalents to the following University of Illinois courses prior to transfer is **highly recommended**.

ACE 161, Microcomputer Applications
ACE 261, Applied Statistical Methods **or** ECON 202, Economic Statistics I **or** STAT 100, Statistics
CMN 101, Public Speaking
RHET 105, Principles of Composition
Language Recommendation⁵

¹ If you place into Math 012, Algebra, please note that this course will not count toward graduation or satisfy the University of Illinois' Quantitative Reasoning I Gen Ed requirement (see: <http://courses.illinois.edu/cis/gened/>).

² The first accounting course of a two-course sequence or the first two accounting courses of a three-course sequence, which is/are articulated as equivalent to the University of Illinois' ACCY 201 and ACCY 202.

³ For students intending to attend graduate school, completion of a two-course calculus sequence equivalent to MATH 220 and MATH 231 is strongly recommended.

⁴ The second accounting course of a two-course sequence or the second two accounting courses of a three-course sequence, which is/are articulated as equivalent to the University of Illinois' ACCY 201 and ACCY 202.

⁵ Please refer to Page 1 for the explanation of the **Language Recommendation** for transfer admission and graduation for all programs of study in the College of ACES.

CONTACT INFORMATION: ACES Academic Programs, University of Illinois, College of Agricultural, Consumer and Environmental Sciences, 128 Mumford Hall, 1301 W. Gregory Drive, Urbana, IL 61801; Phone: 217/333-3380; FAX: 217/244-6537

Agricultural Leadership and Science Education with concentrations in: Agricultural Leadership Education; Agricultural Science Education*

The minimum GPA for admission consideration is 2.50 (A=4.00) for Agricultural Leadership Education and 2.75 (A=4.00) for Agricultural Science Education*.

Transfer coursework equivalent to the University of Illinois courses listed in *red italics* must be successfully completed **prior to** the desired term of entry.

Sophomore-level transfer admission requires completion of equivalent coursework to the following University of Illinois course:

MATH 012, Algebra, or higher¹

Junior-level transfer admission requires completion of equivalent coursework to **one** of the following University of Illinois courses:

***MATH 124, Finite Mathematics
or MATH 220, Calculus
or MATH 234, Calculus for Business I***

Completion of equivalents to the following University of Illinois courses prior to transfer is **highly recommended**:

ACE 100, Agr Cons and Resource Econ
or ECON 102, Microeconomic Principles
ANSC 100, Intro to Animal Sciences
CMN 101, Public Speaking
CPSC 112, Introduction to Crop Sciences
FSHN 101, Intro to Food Science & Nutrition
HORT 100, Introduction to Horticulture
NRES 100, Fundamentals of Env Sci
PSYC 100, Intro Psych
RHET 105, Principles of Composition
STAT 100, Statistics
Language Recommendation²

***All candidates for admission to professional education preparation programs are required to pass the Illinois Certification Testing System (ICTS) Test of Basic Skills as a criterion for admission.** Test scores must be reported to the Council on Teacher Education by the time of application to the program (Illinois code = 052). **The exam needs to be completed and scores submitted no later than the summer semester prior to fall enrollment or no later than the fall semester prior to spring enrollment.** Candidates transferring from out of state should contact the college concerning this admission criterion. The ICTS website at www.icts.nesinc.com contains additional information concerning test dates, registration, and links to study guides. When registering for the test, please indicate that the test results be reported to the University of Illinois at Urbana-Champaign.

¹ If you place into MATH 012, Algebra, please note that this course will not count toward graduation or satisfy the University of Illinois' Quantitative Reasoning I Gen Ed requirement (see: <http://courses.illinois.edu/cis/gened/>).

² Please refer to Page 1 for the explanation of the **Language Recommendation** for transfer admission and graduation for all programs of study in the College of ACES.

**Animal Sciences
with concentrations in:
Companion Animal and Equine Sciences;
Science, Pre-Veterinary and Medical; Technology and Management**

The minimum GPA for admission consideration is 2.50 (A=4.00).

Transfer coursework equivalent to the University of Illinois courses listed in *red italics* must be successfully completed **prior to** the desired term of entry.

Sophomore-level transfer admission requires completion of equivalent coursework to the following University of Illinois courses:

***CHEM 101, Introductory Chemistry or higher
MATH 012, Algebra, or higher¹***

Junior-level transfer admission requires completion of equivalent coursework to the following University of Illinois courses:

***CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
MATH 220, Calculus
or MATH 234, Calculus for Business I***

Completion of equivalents to the following University of Illinois courses prior to transfer is **highly recommended**:

ACE 100, Agr Cons and Resource Econ
or ECON 102, Microeconomic Principles
ANSC 100, Intro to Animal Sciences
CHEM 104, General Chemistry II **and** CHEM 105, General Chemistry Lab II
CMN 101, Public Speaking
MCB 100, Introductory Microbiology **and** MCB 101, Intro Microbiology Laboratory
RHET 105, Principles of Composition
STAT 100, Statistics
Language Recommendation²

¹ If you place into MATH 012, Algebra, please note that this course will not count toward graduation or satisfy the University of Illinois' Quantitative Reasoning I Gen Ed requirement (see: <http://courses.illinois.edu/cis/gened/>).

² Please refer to Page 1 for the explanation of the **Language Recommendation** for transfer admission and graduation for all programs of study in the College of ACES.

**Crop Sciences
with concentrations in:
Agroecology; Biological Science; Crop Agribusiness; Crops;
Integrative Pest Management; Plant Biotechnology and Molecular Biology**

The minimum GPA for admission consideration is 2.50 (A=4.00).

Transfer coursework equivalent to the University of Illinois courses listed in *red italics* must be successfully completed **prior to** the desired term of entry.

Sophomore-level transfer admission requires completion of equivalent coursework to the following University of Illinois courses:

*CHEM 101, Introductory Chemistry or higher
MATH 012, Algebra, or higher¹*

Junior-level transfer admission requires completion of equivalent coursework to the following University of Illinois courses:

*CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
MATH 220, Calculus
or MATH 234, Calculus for Business I*

Completion of equivalents to the following University of Illinois courses prior to transfer is **highly recommended**.

ACCY 201, Accounting and Accountancy I **or** an Intro to Financial Accounting course²
ACE 100, Agr Cons and Resource Econ
or ECON 102, Microeconomic Principles
CHEM 104, General Chemistry II **and** CHEM 105, General Chemistry Lab II
CMN 101, Public Speaking
CPSC 112, Introduction to Crop Sciences
IB 103, Introduction to Plant Biology
MCB 100, Introductory Microbiology **and** MCB 101, Intro Microbiology Laboratory
NRES 201, Introductory Soils
RHET 105, Principles of Composition
Language Recommendation³

¹ If you place into MATH 012, Algebra, please note that this course will not count toward graduation or satisfy the University of Illinois' Quantitative Reasoning I Gen Ed requirement (see: <http://courses.illinois.edu/cis/gened/>).

² The first accounting course of a two-course sequence or the first two accounting courses of a three-course sequence, which is/are articulated as equivalent to the University of Illinois' ACCY 201 and ACCY 202.

³ Please refer to Page 1 for the explanation of the **Language Recommendation** for transfer admission and graduation for all programs of study in the College of ACES.

**Food Science & Human Nutrition
with concentrations in:
Dietetics; Food Science; Hospitality Management; Human Nutrition;**

The minimum GPA for admission consideration is 2.50 (A=4.00) for all concentrations except Dietetics and Human Nutrition, which are both 3.00 (A=4.00).

Transfer coursework equivalent to the University of Illinois courses listed in *red italics* must be successfully completed **prior to** the desired term of entry.

Sophomore-level transfer admission requires completion of equivalent coursework to the following University of Illinois courses:

***CHEM 101, Introductory Chemistry or higher
MATH 012, Algebra, or higher¹***

Junior-level transfer admission requires completion of equivalent coursework to the following University of Illinois courses:

***CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II
MATH 220, Calculus
or MATH 234, Calculus for Business I***

Completion of equivalents to the following University of Illinois courses prior to transfer is **highly recommended**:

ACCY 201, Accounting and Accountancy I **or** an Intro to Financial Accounting course²
CMN 101, Public Speaking
FSHN 101, Intro to Food Science & Nutrition
MCB 100, Introductory Microbiology **and** MCB 101, Intro Microbiology Laboratory
RHET 105, Principles of Composition
STAT 100, Statistics
Language Recommendation³

¹ If you place into MATH 012, Algebra, please note that this course will not count toward graduation or satisfy the University of Illinois' Quantitative Reasoning I Gen Ed requirement (see: <http://courses.illinois.edu/cis/gened/>).

² The first accounting course of a two-course sequence or the first two accounting courses of a three-course sequence, which is/are articulated as equivalent to the University of Illinois' ACCY 201 and ACCY 202. **This course is a programmatic requirement for the Hospitality Management concentration only.**

³ Please refer to Page 1 for the explanation of the **Language Recommendation** for transfer admission and graduation for all programs of study in the College of ACES.

Horticulture with concentrations in: Specialty Crops and Sustainable Landscapes

The minimum GPA for admission consideration is 2.50 (A=4.00).

Transfer coursework equivalent to the University of Illinois courses listed in *red italics* must be successfully completed **prior to** the desired term of entry.

Sophomore-level transfer admission requires completion of equivalent coursework to the following University of Illinois courses:

CHEM 101, Introductory Chemistry or higher
MATH 012, Algebra, or higher¹

Junior-level transfer admission requires completion of equivalent coursework to the following University of Illinois courses:

CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
MATH 124, Finite Mathematics
or MATH 220, Calculus
or MATH 234, Calculus for Business I

Completion of equivalents to the following University of Illinois courses prior to transfer is **highly recommended**:

ACE 100, Agr Cons and Resource Econ
or ECON 102, Microeconomic Principles
CHEM 104, General Chemistry II **and** CHEM 105, General Chemistry Lab II
CMN 101, Public Speaking
HORT 100, Introduction to Horticulture
IB 103, Introduction to Plant Biology
NRES 201, Introductory Soils
