

Biology Teaching Option in the Major of Biological Sciences

The Biology Teaching Option allows students to take courses in MCB and IB along with professional education courses in the College of Education with the intention of attaining certification to teach grades 6-12.

To learn more about the program course requirements, go to:

Biology: http://courses.illinois.edu/cis/2011/fall/programs/undergrad/las/life_sciences.html

For additional information about transferring to the Secondary Education Minor, go to:

http://edwebsfiles.ed.uiuc.edu/saa/documents/SE_TE_Info_Sheet_OSTransfer.pdf

Program admittance and credit hours:

Biology education transfer student admission decisions are based on a thorough review of your application package. For a stronger application package, you should meet all or most of the following criteria:

Grade Point Average:

A grade-point average of **3.00 (A=4.00)** is required for admission. Applicants are considered on a space available basis.

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework** are **subject to review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions).

After completing additional required coursework and applying to the minor, if accepted, you will spend four additional semesters of coursework to complete degree requirements.

To transfer as a **sophomore**, you must first apply to the Integrative Biology major in the Sciences and Letters curriculum and apply to the minor in the spring of your junior year. Completion of transfer course equivalents to the following University of Illinois courses and recommendation listed below is required to be on track for later application to the teaching option. Courses in *red italics* must be successfully completed prior to the desired term of entry:

CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I¹
CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II¹
IB 150, Organismal & Evolutionary Biol
MCB 150, Molec & Cellular Basis of Life¹
RHET 105, Principles of Composition²
Language Recommendation³

To transfer as a **junior**, you apply to the Integrative Biology major in the Sciences and Letters curriculum and apply to the minor in the spring of your junior year. Completion of all of the requirements for **sophomore-level** transfer listed above in addition to completion of transfer equivalents to the following University of Illinois courses is required:

CHEM 232, Elem Organic Chemistry I and CHEM 233, Elem Organic Chemistry Lab I
EPS 201, Foundations of Education
EPSY 201, Educational Psychology
MATH 220, Calculus¹
PSYC 100, Intro Psych

It is also **recommended** that transfer coursework equivalent to the following University of Illinois courses be completed, when possible and equivalent coursework to the general education categories⁴ listed below should be completed prior to entry:

ASTR 100, Perspectives in Astronomy
CMN 101, Public Speaking
GEOL 101, Introductory Physical Geology
STAT 100, Statistics
Humanities and the Arts (2-3 courses)⁴
Social Science (1 course)⁴

(Continued)

CONTACT INFORMATION: Adva Waranyuwat, Director of Secondary Education Programs, University of Illinois, College of Liberal Arts and Sciences, 120 Education, 1310 South Sixth Street, Champaign, IL 61820; Phone: 217/333-2800; FAX: 217/244-3647; E-mail: steiner1@illinois.edu

Basic Skills Test:

Students must pass the **Illinois Certification Testing System's Test of Basic Skills** as a criterion for admission. You must report your scores to the Council on Teacher Education (<http://www.cote.illinois.edu/>) by the time of application to the program. Out-of-state candidates should contact the Director of Secondary Education Programs to discuss the Basic Skills test criterion.

For additional information concerning test dates, registration, and links to study guides, prospects can access the test website at www.icts.nesinc.com.

Tutoring Requirement:

Highly recommended for transfer to this program for **spring and fall of 2012** is completion of 50 hours of tutoring at the middle school or high school level by the time of application. You can tutor in any subject as long as you tutor in either middle school or high school. You must have a teacher or school administrator as a supervisor who can provide a reference and confirm the hours that you spent tutoring.

This will become a transfer requirement for all 2013 transfer applicants.

With your transfer application, you must submit an **Hours Verification Form**, found at http://edwebsfiles.ed.uiuc.edu/saa/documents/se_hrs_verification_form.pdf. This form must be filled out by the applicant and the supervisor of the tutoring. For each teacher that you tutor for, you must have a separate form submitted. Please submit completed Hours Verification Form(s) to Kathy Stalter, 120 Education Building, 1310 S. Sixth Street, Champaign, IL 61820.

¹ Students who plan to transfer into the Teaching of Biology curriculum must successfully complete one year of General Chemistry, one year of Introductory Biology, designed for majors, and a one-semester course in Calculus and Analytic Geometry **prior to** the desired term of entry. Please refer to the contact information below for specific recommendations for your community college.

² At most institutions the equivalent requires a two-course English composition sequence.

³ **Language Recommendation:** Starting with all 2012 applicants, there is no longer a language requirement for transfer admission. However, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois in order to progress in this program. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation is likely to increase, if the Language Requirement for graduation is not completed prior to enrollment.

⁴ **To learn more about the General Education Courses, go to:** <http://courses.illinois.edu/cis/gened/> for information about a specific University of Illinois course.

Teaching Option in the Major of Chemistry

The Chemistry Teaching Option allows students to take courses in Chemistry along with professional education courses in the College of Education with the intention of attaining certification to teach grades 6-12.

To learn more about the program course requirements, go to:

Chemistry: <http://courses.illinois.edu/cis/2011/fall/programs/undergrad/las/chemistry.html#chemteachingoption>

For additional information about transferring to the Secondary Education Minor, go to:

[http://edwebsfiles.ed.uiuc.edu/saao/documents/SE TE Info Sheet OSTransfer.pdf](http://edwebsfiles.ed.uiuc.edu/saao/documents/SE_TE_Info_Sheet_OSTransfer.pdf)

Courses in *red italics* must be successfully completed prior to the desired term of entry:

CHEM 102, General Chemistry I and *CHEM 103, General Chemistry Lab I*
CHEM 104, General Chemistry II and *CHEM 105, General Chemistry Lab II*
MATH 220, Calculus
MATH 231, Calculus II
*RHET 105, Principles of Composition*¹
Language Recommendation²

To transfer as a **junior**, you apply to the Chemistry major in the Sciences and Letters curriculum and apply to the minor in the spring of your junior year. Completion of all of the requirements for **sophomore-level** transfer listed above in addition to completion of transfer equivalents to the following University of Illinois courses is required:

CHEM 222, Quantitative Analysis Lecture, when possible
CHEM 232, Elem Organic Chemistry I and *CHEM 233, Elem Organic Chemistry Lab I*
EPS 201, Foundations of Education
EPSY 201, Educational Psychology
MATH 220, Calculus
PSYC 100, Intro Psych

It is also **recommended** that transfer coursework equivalent to the following University of Illinois courses be completed, when possible and equivalent coursework to the general education categories⁴ listed below should be completed prior to entry:

CMN 101, Public Speaking
IB 101, Biological Sciences
MATH 241, Calculus III
PHYS 211, University Physics: Mechanics³
PHYS 212, University Physics: Elec & Mag³
PHYS 214, Univ Physics: Quantum Physics³
Humanities and the Arts (1-2 courses)⁴
Social Science (1-2 courses)⁴

Tutoring Requirement:

Highly recommended for transfer to this program for **spring and fall of 2012** is completion of 50 hours of tutoring at the middle school or high school level by the time of application. You can tutor in any subject as long as you tutor in either middle school or high school. You must have a teacher or school administrator as a supervisor who can provide a reference and confirm the hours that you spent tutoring.

This will become a transfer requirement for all 2013 transfer applicants.

With your transfer application, you must submit an **Hours Verification Form**, found at http://edwebsfiles.ed.uiuc.edu/sao/documents/se_hrs_verification_form.pdf. This form must be filled out by the applicant and the supervisor of the tutoring. For each teacher that you tutor for, you must have a separate form submitted. Please submit completed Hours Verification Form(s) to Kathy Stalter, 120 Education Building, 1310 S. Sixth Street, Champaign, IL 61820.

¹ A transferable one semester course in Analytic Geometry followed by two semesters of transferable Calculus is an acceptable sequence in substitution of MATH 220, 231, and 241.

² At most institutions the equivalent requires a two-course English composition sequence.

³ **Language Recommendation:** Starting with all 2012 applicants, there is no longer a language requirement for transfer admission. However, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at Illinois in order to progress in this program. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation is likely to increase, if the Language Requirement for graduation is not completed prior to enrollment.

⁴ A course in computer programming in a standard programming language such as FORTRAN or PASCAL, which includes numerical methods. Data processing is not acceptable.

⁵ **To learn more about the General Education Courses, go to:** <http://courses.illinois.edu/cis/gened/> for information about a specific University of Illinois course.

Teaching Option in the Major of Physics

The Physics Teaching Option allows students to take courses in Physics along with professional education courses in the College of Education with the intention of attaining certification to teach grades 6-12.

To learn more about the program course requirements, go to:

Physics: <http://courses.illinois.edu/cis/2011/fall/programs/undergrad/las/physics.html#teachphysics>

For additional information about transferring to the Secondary Education Minor, go to:

http://edwebsfiles.ed.uiuc.edu/saa/documents/SE_TE_Info_Sheet_OSTransfer.pdf

Program admittance and credit hours:

Physics education transfer student admission decisions are based on a thorough review of your application package. For a stronger application package, you should meet all or most of the following criteria:

Grade Point Average:

A grade-point average of **3.00 (A=4.00)** is required for admission. Applicants are considered on a space available basis.

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework** are **subject to review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions).

After completing additional required coursework and applying to the minor, if accepted, you will spend four additional semesters of coursework to complete degree requirements.

To transfer as a **sophomore**, you must first apply to the Physics major in the Sciences and Letters curriculum and apply to the minor in the spring of your junior year. Completion of transfer course equivalents to the following University of Illinois courses and recommendation listed below is required to be on track for later application to the teaching option. Courses in *red italics* must be successfully completed prior to the desired term of entry:

CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab II
MATH 220, Calculus
MATH 231, Calculus II
PHYS 211, University Physics: Mechanics¹
PSYC 100, Intro Psych
RHET 105, Principles of Composition²
Language Recommendation³

To transfer as a **junior**, you apply to the Physics major in the Sciences and Letters curriculum and apply to the minor in the spring of your junior year. Completion of all of the requirements for **sophomore-level** transfer listed above in addition to completion of transfer equivalents to the following University of Illinois courses is required, when possible:

EPS 201, Foundations of Education
EPSY 201, Educational Psychology
MATH 241, Calculus III
MATH 285, Intro Differential Equations
PHYS 212, University Physics: Elec & Mag¹
PHYS 213, Univ Physics: Thermal Physics¹
PHYS 214, Univ Physics: Quantum Physics¹

It is also **recommended** that transfer coursework equivalent to the following University of Illinois courses be completed, when possible and equivalent coursework to the general education categories⁴ listed below should be completed prior to entry:

CMN 101, Public Speaking
Humanities and the Arts (2 courses)⁴
Social Sciences (1 course)⁴

(Continued)

CONTACT INFORMATION: Adva Waranyuwat, Director of Secondary Education Programs, University of Illinois, College of Liberal Arts and Sciences, 120 Education, 1310 South Sixth Street, Champaign, IL 61820; Phone: 217/333-2800; FAX: 217/244-3647; E-mail: steiner1@illinois.edu

Basic Skills Test:

Students must pass the **Illinois Certification Testing System's Test of Basic Skills** as a criterion for admission. You must report your scores to the Council on Teacher Education (<http://www.cote.illinois.edu/>) by the time of application to the program. Out-of-state candidates should contact the Director of Secondary Education Programs to discuss the Basic Skills test criterion.

For additional information concerning test dates, registration, and links to study guides, prospects can access the test website at www.icts.nesinc.com.

Completion of transfer course equivalents to the following University of Illinois courses and recommendation listed below is required to be on track for later application to the teaching option. Courses in *red italics* must be successfully completed prior to the desired term of entry:

HIST 141, Western Civ to 1660
HIST 142, Western Civ Since 1660
*RHET 105, Principles of Composition*¹
SOC 100, Introduction to Sociology
STAT 100, Statistics
Language Recommendation²

To transfer as a **junior**, you apply to the History major in the Sciences and Letters curriculum and apply to the minor in the spring of your junior year. Completion of all of the requirements for **sophomore-level** transfer listed above in addition to completion of transfer equivalents to the following University of Illinois courses is required, when possible:

*ECON 103, Macroeconomic Principles*³
EPS 201, Foundations of Education
EPSY 201, Educational Psychology
HIST 171, US Hist to 1877
HIST 172, US Hist Since 1877
PS 101, Intro to US Gov & Pol
PSYC 100, Intro Psych

It is also **recommended** that transfer coursework equivalent to the following University of Illinois courses be completed, when possible and equivalent coursework to the general education categories⁴ listed below should be completed prior to entry:

CMN 101, Public Speaking
ECON 102, Microeconomic Principles³
GEOG 103, Earth's Physical Systems
ANTH 143, Biology of Human Behavior
Humanities and the Arts (2 courses)⁴
Social Sciences (1 course)⁴
