# UNIVERSITY OF ILLINOIS College of Liberal Arts and Sciences

Effective: 8/1/23 - 7/31/24

## **Transfer Information**

As the largest undergraduate college at the University of Illinois, the College of Liberal Arts and Sciences (LAS) currently offers approximately 50 majors under the Sciences and Letters curriculum, 5 specialized curricula and 12 programs preparing for teacher licensure for secondary schools. The necessary core courses are available for students planning to pursue a career in law or health professions. Information concerning all Programs of Study is now located at this website: <a href="http://admissions.illinois.edu/Discover/Academics/majors">http://admissions.illinois.edu/Discover/Academics/majors</a>.

University of Illinois course information to determine the applicability of certain courses toward career goals may be found at: <a href="https://courses.illinois.edu/">https://courses.illinois.edu/</a>. Staff members within the College are available to answer specific student questions. Transfer course information is available at the following website: <a href="https://www.transferology.com">https://www.transferology.com</a>.

Enrolling transfer students are required to participate in the New Student Registration Program. This will enable each student to talk to an experienced adviser, plan a program of study and take part in programs designed to answer their questions.

## **MINIMUM REQUIREMENTS FOR A DEGREE**

The College of Liberal Arts and Sciences has minimum standards of progress and performance that must be observed as students work toward a degree, including Required Grade-Point Averages, Minimum Total Credit Hours, Electives, Minimum Advanced Hours, and Residency Credit Hours. More information on these requirements is available at the following website: <a href="http://www.las.illinois.edu/students/requirements/minimum">http://www.las.illinois.edu/students/requirements/minimum</a>.

## **MAJORS WITH SUPPORTING COURSEWORK**

In addition to the Composition, Language and General Education requirements in LAS, students in the Sciences and Letters curriculum are required to study an academic discipline in some depth. At the University of Illinois, this in-depth study is called a major, and will include core courses in the subject itself and supporting coursework. This major may be oriented around a single discipline, or may be inter-disciplinary (e.g., Humanities, Latin American Studies, or Religious Studies). A major will normally consist of **40-60 hours** of coursework designated by the department and approved by the faculty of the College of LAS. Of these hours, approximately **12-20** will be in supporting coursework. Descriptions of the requirements for each of the 50 majors in the Sciences and Letters curriculum may be found in the University of Illinois' <u>Transfer Handbook</u> (Liberal Arts and Sciences section). The prerequisite coursework and requirements are listed in *bold, red italics* for each of the programs.

Normally, a major is not conceived as having a vocational focus or orientation and may or may not be directly related to vocational goals. In all LAS programs, however, it is expected that students will obtain methods of study and approaches to problems to aid them in achieving specific vocational goals. Students with special professional goals, such as law school and medical school, may successfully follow any number of undergraduate programs. For example, there are students with pre-law interests in many fields, including political science, philosophy, mathematics, economics and English. There are students with pre-medical interests concentrating in English or history, as well as biology, chemistry, or psychology.

#### **Pre-Professional Programs**

Students planning to pursue a Pre-Dentistry, Pre-Law or Pre-Medicine program should refer to the Pre-Professional Programs section, located at the following website: http://admissions.illinois.edu/Content/docs/Handbook PreProfessional.pdf

## **Secondary Education Teaching**

Students interested in the Secondary Education Teaching option will earn their degree from the College of Liberal Arts and Sciences (LAS) and the Teacher Education Minor in Secondary Teaching from the College of Education. Students who successfully complete this degree will have a bachelor's degree in the major area of study and a license to teach high school (grades 9-12) in that subject (English, Math, Science or Social Science) in the state of Illinois.

Effective: 8/1/23 - 7/31/24

It can be particularly difficult for junior-level students to complete the Secondary Education program within four years. It is imperative that you work closely with your institution's advisor and with us so that we can ensure you are taking the appropriate coursework at the institution you attend prior to entering the University of Illinois. In some cases, completing the program in four total years may not be possible due to limited course offerings at your transfer institution. If you have not worked with your advisor or if you decide a little later in your undergraduate work that you would like to obtain the teaching degree, be prepared for your degree to require extra time to complete.

For more information on Secondary Education Teaching, please see the Secondary Education Teaching section at the end of this handbook.

## **Individual Plans of Study (IPS)**

A unique curricular program at the University of Illinois called **Individual Plans of Study (IPS)** assists motivated students to design personalized and innovative programs of study under the guidance of faculty sponsors. As an alternative to the conventional major, IPS features sponsorship by a faculty advisor and program approval by the IPS Advisory Committee. IPS students must meet the regular LAS requirements in Composition, General Education, Language Requirement and advanced hours. Students desiring further information about IPS should inquire with Bob Steltman at 2002 Lincoln Hall, Urbana, IL, 61801, Email <a href="mailto:steltman@illinois.edu">steltman@illinois.edu</a>, Phone (217) 333-1705.

## Second Bachelor's Degree

Due to enrollment constraints, second bachelor's degree applicants to the College of Liberal Arts and Sciences must have demonstrated academic success in the curriculum to which they apply beyond the junior-level minimum requirements for admission. Demonstrated academic success includes successful completion of courses in the discipline or courses that are directly applicable to major requirements. Applicants must also submit a rationale for the second bachelor's degree in the context of prior or planned degrees, current occupation, and/or career goals.

#### **Honors**

Transfer students who wish to be considered for self-nomination into the LAS Honors Program may apply from June 1 through June 30 on an annual basis. All applicants must have earned a **cumulative transfer grade point average of 3.30 or higher to be considered**. Please visit the following link when the application opens in June: https://las.illinois.edu/academics/honors/admissions.

#### **LAS Undeclared**

Effective: 8/1/23 - 7/31/24

LAS Undeclared: https://las.illinois.edu/admissions/explore

Transfer applicants who have completed more than **2 semesters** or **30 hours of coursework are subject to an additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher** (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <a href="https://courses.illinois.edu/gened">https://courses.illinois.edu/gened</a>.

**Admission recommendations** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement prior to the desired term of entry. Completion of equivalent transfer coursework to the **Language Recommendation** is **highly recommended**:

RHET 105, Writing and Research<sup>1</sup>
MATH 112, Algebra (College Algebra), or higher<sup>2</sup>

<sup>&</sup>lt;sup>1</sup> At most institutions, the equivalent requires a two-course English composition sequence.

<sup>&</sup>lt;sup>2</sup> Completion of transfer equivalent to MATH 112, Algebra (College Algebra), or higher prior to transfer is highly recommended.

#### **African American Studies**

Effective: 8/1/23 - 7/31/24

African American Studies: http://catalog.illinois.edu/undergraduate/las/african-american-studies-balas/

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework are subject to an additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <a href="https://courses.illinois.edu/gened">https://courses.illinois.edu/gened</a>.

**Admission recommendations** for transfer include completion of equivalent transfer coursework to the following University of Illinois **Language Recommendation**:

# **Anthropology**

Anthropology: <a href="http://catalog.illinois.edu/undergraduate/las/anthropology-balas/">http://catalog.illinois.edu/undergraduate/las/anthropology-balas/</a>

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework are subject to an additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <a href="https://courses.illinois.edu/gened">https://courses.illinois.edu/gened</a>.

**Admission recommendations** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement prior to the desired term of entry. Completion of equivalent transfer coursework to the **Language Recommendation** is **highly recommended**:

ANTH 101, Introduction to Anthropology ANTH 102, Human Origins and Culture RHET 105, Writing and Research<sup>1</sup> Supporting Courses<sup>2</sup>

<sup>&</sup>lt;sup>1</sup> At most institutions, the equivalent requires a two-course English composition sequence.

<sup>&</sup>lt;sup>2</sup> Supporting courses can be selected in a single discipline (building towards a minor) or can be taken from a variety of disciplines related to aspects of interest to the student in Anthropology.

### **Asian American Studies**

Effective: 8/1/23 - 7/31/24

Asian American Studies: http://catalog.illinois.edu/undergraduate/las/asian-american-studies-balas/

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework are subject to an additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/gened.

**Admission recommendations** for transfer include completion of equivalent transfer coursework to the following University of Illinois **Language Recommendation**:

# **Astrophysics**

Effective: 8/1/23 - 7/31/24

**Astrophysics**: <a href="http://catalog.illinois.edu/undergraduate/las/astrophysics-bslas/">http://catalog.illinois.edu/undergraduate/las/astrophysics-bslas/</a>

Transfer applicants who have completed more than **6 semesters** or **80 hours are subject to an additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <a href="https://courses.illinois.edu/gened">https://courses.illinois.edu/gened</a>.

**Admission recommendations** for transfer are as follows, and completion of the **Language Recommendation** is **highly recommended**:

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission** *requires* completion of equivalent transfer coursework to the following University of Illinois course:

MATH 220, Calculus<sup>1</sup>

**Sophomore-level transfer admission highly recommends** completion of equivalent transfer coursework to the following University of Illinois course:

MATH 231, Calculus II<sup>1</sup>

PHYS 211, University Physics: Mechanics<sup>2</sup>

**Junior-level transfer admission** *requires* completion of all of the **Sophomore-level transfer admission** requirements and completion of equivalent transfer coursework to the following University of Illinois courses<sup>1</sup>:

MATH 231, Calculus II

MATH 241, Calculus III

PHYS 211, University Physics: Mechanics

PHYS 212, University Physics: Elec & Mag

**Junior-level transfer admission highly recommends** completion of equivalent transfer coursework to the following University of Illinois courses:

ASTR 210, Introduction to Astrophysics

MATH 284, Intro Differential Systems or MATH 285, Intro Differential Equations

PHYS 213, Univ Physics: Thermal Physics PHYS 214, Univ Physics: Quantum Physics

Completion of transfer equivalents to some of the following University of Illinois courses prior to transfer is **highly recommended**:

RHET 105, Writing and Research (Requires a two-course English composition sequence at most institutions).

Students who intend to transfer into Astrophysics should enroll in the most advanced mathematics course for which he/she is qualified and continue with mathematics each semester. Differential equations and/or advanced calculus are recommended for students who complete introductory calculus before the end of their sophomore year.

<sup>2</sup> If the transferable physics sequence at the community college is equivalent to the university physics sequence at the University of Illinois (PHYS 211, 212, 213, and 214), an equivalent of the University of Illinois' MATH 220: Calculus, must first be completed as a prerequisite to the physics sequence.

## **Astronomy**

Effective: 8/1/23 - 7/31/24

**Astronomy**: http://cataloq.illinois.edu/undergraduate/las/astronomy-bslas/

Transfer applicants who have completed more than **6 semesters** or **80 hours are subject to an additional review**. Effective: 8/1/23 - 7/31/24

Brain and Cognitive Science: <a href="http://catalog.illinois.edu/undergraduate/las/brain-cognitive-science-bslas/">http://catalog.illinois.edu/undergraduate/las/brain-cognitive-science-bslas/</a>

The Brain and Cognitive Science major provides fundamental training in psychology, neuroscience, and computation, and it allows a great deal of flexibility with regard to more advanced courses. The major requires training in statistics, a laboratory course, and the capstone course. Students should contact our Undergraduate Advising Office for help in creating a plan of study and research that best meets their goals and interests.

The Brain and Cognitive Science major is not open to students who have completed more than 50 hours of transferable college coursework due to pre-requisite course sequencing. A grade point average of 3.00 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <a href="https://courses.illinois.edu/gened">https://courses.illinois.edu/gened</a>.

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in *bold, red italics*, which must be successfully completed prior to the desired term of entry:

PSYC 100, Intro Psych RHET 105, Writing and Research<sup>1</sup> STAT 100, Statistics or PSYC 235, Intro to Statistics<sup>2</sup>

INFO 102, Little Bits to Big Ideas or CS 124, Intro to Computer Science I;

LING 100, Intro to Language Science;

PHIL 101, Introduction to Philosophy or PHIL 102, Logic and Reasoning

Due to the unique structure of the Brain and Cognitive Science major, we cannot guarantee completion in four semesters.

<sup>1</sup> At most institutions, the equivalent requires a two-course English composition sequence.

<sup>&</sup>lt;sup>2</sup> Either of these courses will work. Students are allowed credit for <u>only one</u> introductory statistics course at UIUC. Please contact the Assistant Director of Course Articulation at (217) 300-8606 if you have questions.

#### (Continued)

Due to the specialized nature of Chemical and Biomolecular Engineering curriculum, Junior-level transfer students typically require a total of five or six semesters on our campus to be graduated. We believe that this extra semester or two is a worthwhile investment if it maximizes your opportunity for success, and our experience strongly suggests that it does.

Effective: 8/1/23 - 7/31/24

<sup>1</sup> Students who have taken a non-accelerated general chemistry sequence will enroll in CHEM 222, Quantitative Analysis Lecture and CHEM 223, Quantitative Analysis Lab, after transferring.

<sup>&</sup>lt;sup>2</sup> Depending on the available courses, the 3-semester sequence in calculus and analytic geometry, including basic linear algebra and matrix theory, should be equivalent to at least 12 semester hours.

<sup>&</sup>lt;sup>3</sup> Depending on the available courses, the most advanced physics sequence or the one for engineering majors must be followed. If no 3-semester, 12-hour sequence is available for engineering majors, a 2-semester, 10-hour sequence may also be acceptable, provided it includes modern physics.

<sup>&</sup>lt;sup>4</sup> The computer course must be a course in FORTRAN, C, C++, MATLAB, or Python programming, including numerical methods (University of Illinois CS 101, Intro Computing: Engrg & Sci); it should be a course intended for engineering majors.

<sup>&</sup>lt;sup>5</sup> At most institutions, the equivalent requires a two-course English Composition sequence.

<sup>&</sup>lt;sup>6</sup> For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <a href="https://courses.illinois.edu/gened">https://courses.illinois.edu/gened</a>.

<sup>7</sup> Sixteen hours of approved general education electives are required. This must include at least six hours in Social Sciences or Behavioral Sciences and at least six hours in Literature and the Arts or Historical and Philosophical perspectives. A current list of approved courses that may be used to satisfy this general education requirement is available in Room 209 RAL or the Undergraduate Program in Chemical Engineering website at: <a href="http://catalog.illinois.edu/undergraduate/las/chemical-engineering-bs/#text">http://catalog.illinois.edu/undergraduate/las/chemical-engineering-bs/#text</a>. If you have more than six hours in either category, the excess will be counted as other Humanities or Social Science hours. Students entering college in Fall 1995 or later must satisfy the distribution requirements in Western and Non-Western Cultures. See LAS General Education Handout for details.

# **Chemistry Major and the Specialized Curriculum in Chemistry**

Effective: 8/1/23 - 7/31/24

Chemistry Major or Specialized Curriculum: http://catalog.illinois.edu/undergraduate/las/chemistry-bs/

Transfer students seeking to complete an American Chemical Society [ACS] accredited program in Chemistry will need to meet with the Department of Chemistry and seek to complete the **Specialized Curriculum in Chemistry** after arrival on campus. Due to the nature and makeup of the Specialized Curriculum in Chemistry, time to degree completion for transfer students may likely be extended.

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework are subject to an additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <a href="https://courses.illinois.edu/gened">https://courses.illinois.edu/gened</a>.

**Admission recommendations** for transfer are as follows and completion of the **Language Recommendation for both programs** is **highly recommended**:

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college. The Specialized Curriculum in Chemistry only requires completion through the third level of one language other than English in high school or college. It is strongly recommended that transfer applicants complete the graduation requirement for their program of study prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase if the Language Requirement for graduation is not completed prior to enrollment.

# **Chemistry – Sciences and Letters Curriculum**

**Sophomore- and Junior-level transfer admission** *requires* completion of equivalent transfer coursework to the following University of Illinois courses:

CHEM 102, General Chemistry I<sup>1</sup> and CHEM 103, General Chemistry Lab I<sup>1</sup> CHEM 104, General Chemistry II<sup>1</sup> and CHEM 105, General Chemistry Lab II<sup>1</sup> MATH 220, Calculus<sup>2</sup> MATH 231, Calculus II<sup>2</sup> RHET 105, Writing and Research<sup>3</sup>

**Junior-level transfer admission highly recommends** completion of equivalent transfer coursework to the following University of Illinois courses:

MATH 241, Calculus III<sup>2</sup>

CHEM 232, Elementary Organic Chemistry I<sup>4</sup> and CHEM 233, Elem Organic Chem Lab I<sup>4</sup> or CHEM 236, Fundamental Organic Chem I<sup>4</sup> and CHEM 237, Structure and Synthesis<sup>4</sup> and CHEM 332, Elementary Organic Chem II or CHEM 436, Fundamental Organic Chem II

Completion of transfer equivalents to some of the following University of Illinois courses prior to transfer is **highly recommended**:

PHYS 101, College Physics: Mech & Heat PHYS 102, College Physics: E&M & Modern

# **Specialized Curriculum in Chemistry**

Effective: 8/1/23 - 7/31/24

**Sophomore- and Junior-level transfer admission** *requires* completion of equivalent transfer coursework to the following University of Illinois courses and graduation requirement:

CHEM 202, Accelerated Chemistry I<sup>1</sup> and CHEM 203, Accelerated Chemistry Lab I<sup>1</sup> and CHEM 204, Accelerated Chemistry II<sup>1</sup> and CHEM 205, Accelerated Chemistry Lab II<sup>1</sup> or CHEM 102, General Chemistry I<sup>1</sup> and CHEM 103, General Chemistry Lab I<sup>1</sup> CHEM 104, General Chemistry II<sup>1</sup> and CHEM 105, General Chemistry Lab II<sup>1</sup> MATH 220, Calculus<sup>2</sup> MATH 231, Calculus II<sup>2</sup> RHET 105, Writing and Research<sup>3</sup>

**Junior-level transfer admission highly recommends** completion of equivalent transfer coursework to the following University of Illinois courses:

MATH 241, Calculus III<sup>2</sup>

CHEM 232, Elementary Organic Chemistry I<sup>4</sup> and CHEM 233, Elem Organic Chem Lab I<sup>4</sup> or CHEM 236, Fundamental Organic Chem I<sup>4</sup> and CHEM 237, Structure and Synthesis<sup>4</sup>

and CHEM 332, Elementary Organic Chem II or CHEM 436, Fundamental Organic Chem II

PHYS 211, University Physics: Mechanics<sup>5</sup>

PHYS 212, University Physics: Elec & Mag<sup>5</sup>

Due to the unique structure of the Specialized Curriculum in Chemistry, transfer students who enter at the **Junior level** by credit hours completed typically require a total of five or six semesters on our campus to graduate. We believe that this extra semester or two is a worthwhile investment if it maximizes your opportunity for success, and our experience strongly suggests that it does. Students who join us **with fewer than 60** credit hours will typically be able to complete their graduation requirements in a more traditional total of four years of college.

<sup>&</sup>lt;sup>1</sup> Students who have completed a non-accelerated general chemistry sequence and choose the **Specialized Curriculum in Chemistry will enroll in CHEM 222, Quantitative Analysis Lecture and CHEM 223, Quantitative Analysis Lab, after transferring.** CHEM 222 and CHEM 223 are optional for the Chemistry major. Students pursuing a Science and Letters Curriculum may complete coursework equivalent to the University of Illinois' CHEM 102-105 sequence or CHEM 202-205 sequence.

<sup>&</sup>lt;sup>2</sup> The transfer equivalent to the University of Illinois' three-course Calculus sequence (MATH 220, 231 and 241) is highly recommended to be completed prior to transfer.

<sup>&</sup>lt;sup>3</sup> At most institutions, the equivalent requires a two-course English composition sequence.

<sup>&</sup>lt;sup>4</sup> If the Organic Chemistry sequence is not completed by equivalent transfer coursework, time to degree completion for transfer students will likely be extended for this program of study.

<sup>&</sup>lt;sup>5</sup> Depending on the available courses, the most advanced physics sequence or the one for engineering majors must be followed. If no 3-semester, 12-hour sequence is available for engineering majors, a 2-semester, 10-hour sequence may also be acceptable, provided it includes modern physics.

# **Computer Science and Liberal Arts and Sciences Disciplines**

Effective: 8/1/23 - 7/31/24

This is an LAS major in Computer Science in conjunction with one of the following LAS Disciplines: Anthropology, Astronomy, Chemistry and Linguistics. Each is a flexible program for students who plan to pursue technical or professional careers in arts and sciences areas requiring a sound grounding in computer science. Students can use the supporting coursework to prepare for employment immediately upon graduation or for pursuing graduate study in a wide variety of fields or to complete a significant body of courses in a single area, such as a double major or minor. Examples include programming in sciences (such as bioinformatics, population genetics, demography, geographic information sciences, climate modeling, or social network analysis) or in the humanities (such as digital restoration, textual analyses, or other areas) or social sciences (such as population research). Information about these disciplines can be found at:

https://cs.illinois.edu/academics/undergraduate/degree-program-options/cs-x-degree-programs#requirements

While Computer Science + X programs are open for intercollegiate/interdepartmental transfer, students who are not directly admitted to a CS + X major must be admitted to a CS + X major by the student's sixth term of enrollment, including terms completed at other institutions of post-secondary education. If you have questions about this policy, or the intercollegiate/interdepartmental transfer process, please consult the College of Liberal Arts and Sciences.

Students interested in Mathematics or Statistics should enroll in the MATH & CS or STAT & CS programs of study.

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in *bold, red italics*, which must be successfully completed prior to the desired term of entry:

**Sophomore-level transfer admission** *requires* completion of equivalent transfer coursework to the following University of Illinois courses:

CS 124, Intro to Computer Science I<sup>1</sup>
MATH 220, Calculus
MATH 231, Calculus II or CS 173, Discrete Structures or MATH 213, Basic Discrete
Mathematics<sup>2</sup>

**Junior-level transfer admission** *requires* completion of all of the **sophomore-level transfer** requirements, including both MATH 231, Calculus II and CS 173, Discrete Structures/MATH 213, Basic Discrete Mathematics, and equivalent transfer coursework to the following University of Illinois course:

CS 225, Data Structures

**Sophomore-level transfer admission highly recommends** completion of transfer equivalents to the following University of Illinois courses:

CW 104, Fiction Workshop I or CW 106, Poetry Workshop I

LING 100, Intro to Language Science<sup>3</sup>

LING 225, Language, Mind, and Brain<sup>3</sup>

PSYC 100, Intro Psych

RHET 105, Writing and Research4

RHET 233, Adv Rhetoric & Composition<sup>3</sup>

Supporting Elective<sup>5</sup>

**Language Recommendation**: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase if the Language Requirement for graduation is not completed prior to enrollment.

#### (Continued)

**Junior-level transfer admission highly recommends** completion of transfer equivalents to the following University of Illinois courses:

Effective: 8/1/23 - 7/31/24

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase if the Language Requirement for graduation is not completed prior to enrollment. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Students specializing in the Physical Environment are encouraged to select transfer equivalents to MATH 220, Calculus.

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education category<sup>3</sup> prior to transfer are also **highly recommended**:

Social & Behavioral Sciences

<sup>&</sup>lt;sup>1</sup> If physical geography is not offered, students should select transfer equivalents to the physical science courses from the University of Illinois' General Education requirements listed at the following web link: https://courses.illinois.edu/gened.

<sup>&</sup>lt;sup>2</sup> At most institutions, the equivalent requires a two-course English composition sequence.

Global Studies: http://catalog.illinois.edu/undergraduate/las/global-studies-balas/

Transfer applicants who have completed more than **4 semesters** or **60 hours of coursework are subject to an additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** It is important to note that Global Studies requires that students study abroad for one semester. **Most study abroad programs now require a 3.0 minimum GPA,** so it is highly recommended that your GPA be approaching that level. If your GPA is under 3.0, please contact LAS Global Studies to consult with an advisor (globalstudies@illinois.edu).

Students are advised to transfer into **Global Studies** with no more than 45 hours of college credit. In order to meet the University of Illinois residency requirement of **60 hours** on campus, as well as the Global Studies study abroad requirement, students with more than 45 hours of credit should plan for at least five semesters of post-transfer undergraduate work.

Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase if the Language Requirement for graduation is not completed prior to enrollment.

Global Studies requires at least 6 credits of advanced language coursework beyond the LAS minimum graduation requirement. Transfer students must take the appropriate language placement tests before registering for classes and should ideally be taking language courses at their current institution prior to transfer. Study abroad locations and regional focus within the major are based on the student's language used for the major.

Global Studies **strongly recommends** that students have completed **the Composition I requirement**<sup>1</sup> and most of the other University of Illinois General Education degree requirements before entering the major. Additionally, completion of exact course equivalents for some of the following University of Illinois courses is **recommended** for transfer, as they complete the interdisciplinary core course requirement for the major. To learn more about all of the core course options, please refer to:

#### **Mathematics and Actuarial Science**

Effective: 8/1/23 - 7/31/24

Mathematics: http://catalog.illinois.edu/undergraduate/las/mathematics-bslas/

Actuarial Science: http://catalog.illinois.edu/undergraduate/las/actuarial-science-bslas/

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework are subject to an additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **An overall grade point average of 2.70 or higher** (**A=4.00**) is required for admission to Mathematics and Actuarial Science. However, Mathematics/Actuarial Science require **a 3.00 GPA** on <u>all transfer mathematics coursework taken.</u> Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: <a href="https://courses.illinois.edu/gened">https://courses.illinois.edu/gened</a>.

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in *bold, red italics*, which must be successfully completed prior to the desired term of entry.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase if the Language Requirement for graduation is not completed prior to enrollment. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended:

**Sophomore-level transfer admission to both disciplines** requires completion of equivalent transfer coursework to the following University of Illinois courses. A final grade must be received in one of the Calculus courses at the time of application:

MATH 220, Calculus<sup>1</sup> MATH 231, Calculus II<sup>1</sup>

If you plan to transfer into either of the programs of study with 45 or more completed transferable hours and <a href="https://haten.com

**Junior-level transfer admission to both disciplines** *requires* completion of all **sophomore-level transfer admission** requirements and equivalent transfer coursework to the following University of Illinois course:

MATH 241, Calculus III<sup>1</sup>

(Continued)

#### **Mathematics**

**For Sophomore-level transfer admission,** completion of a transfer equivalent to one of the following University of Illinois courses is **highly recommended:** 

CS 101, Intro Computing: Engrg & Sci or CS 124, Introduction to Computer Science I

**An additional** *requirement* **for Junior-level transfer admission** is completion of a transfer equivalent to one of the following University of Illinois courses:

CS 101, Intro Computing: Engrg & Sci or CS 124, Introduction to Computer Science I

Effective: 8/1/23 - 7/31/24

#### **Actuarial Science**

**For Sophomore-level transfer admission,** completion of an equivalent to ACCY 200, Fundamentals of Accounting, or a survey course in accounting, e.g. a **financial accounting** course, is **highly recommended**. Completion of an equivalent to CS 101, CS 105, or CS 124 is also recommended.

**An additional** *requirement* **for junior-level transfer** is completion of a transfer equivalent to one of the following University of Illinois courses:

CS 101, Intro Computing: Engrg & Sci or CS 105, Intro Computing: Non-Tech or CS 124, Introduction to Computer Science I

Completion of transfer equivalents to some the following University of Illinois courses prior to transfer is **highly recommended**. Students majoring in **Actuarial Science** should select ECON 102, Microeconomic Principles and ECON 103, Macroeconomic Principles, to complete their Social Science General Education requirements in the LAS Sciences and Letters curriculum:

ECON 102, Microeconomic Principles ECON 103, Macroeconomics Principles

<sup>&</sup>lt;sup>1</sup> It is strongly recommended that a calculus sequence comparable to University of Illinois' MATH 220, Calculus, MATH 231, Calculus II and MATH 241, Calculus III, be completed prior to transfer to either program of study. The recommended minimum GPA for the courses in the calculus sequence is 3.00 (A=4.00).

**Admission recommendations** for transfer include completion of equivalent transfer coursework to the following University of Illinois Language Recommendation:

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college; however, it is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to the following University of Illinois course and graduation requirement prior to transfer is **highly recommended**:

RHET 105, Writing and Research<sup>1</sup>

Students in Slavic Studies will select a concentration and take courses in one of the following areas:

## Russian Language, Literature and Culture:

For electives, special consideration should be given to courses that contribute to an understanding of the broad background against which the region and cultures of the area are studied. Examples are general courses in anthropology, economics, geography, Asian and modern European or world history, world literature, political science and sociology. See the description of the requirements for each of these programs at the website at the top of the page.

<sup>&</sup>lt;sup>1</sup> At most institutions, the equivalent requires a two-course English composition sequence.

Spanish major and minor start with the course Spanish 200. The Spanish Department typically offers summer courses of Span 200, 204, and 228 online.

We encourage students to study abroad, although it is not a requirement to complete the major or the minor. We do have several programs abroad that, with prior planning, can allow for completion of some Spanish major or minor requirements.

#### **Statistics**

Effective: 8/1/23 - 7/31/24

**Statistics**: http://catalog.illinois.edu/undergraduate/las/statistics-bslas/

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework are subject to an additional review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **An overall grade point average of 2.70 or higher** (A=4.00) is required for admission to Statistics. However, a 3.00 GPA is required for all transfer mathematics coursework completed. Applicants are considered on a space available basis.

**Sophomore-level transfer admission** *requires* completion of equivalent transfer coursework to the following University of Illinois courses:

MATH 220, Calculus<sup>1</sup> MATH 231, Calculus II<sup>1</sup>

If you plan to transfer with 45 or more completed transferable hours and <u>have not</u> completed an equivalent to MATH 241, Calculus III, the length of time to degree completion may increase.

**Junior-level transfer admission** *requires* completion of all **sophomore-level transfer admission** requirements and equivalent transfer coursework to the following University of Illinois course:

MATH 241, Calculus III<sup>1</sup>

Completion of transfer equivalents to the following University of Illinois courses and graduation requirement prior to transfer is **highly recommended**:

MATH 257, Linear Algebra with Computational Applications **or** MATH 415, Applied Linear Algebra<sup>2</sup> RHET 105, Writing and Research<sup>3</sup> An introductory statistics course<sup>4</sup>

<sup>1</sup> It is strongly recommended that a calculus sequence comparable to University of Illinois' MATH 220, Calculus, MATH 231, Calculus II and MATH 241, Calculus III, be completed prior to transfer to either program of study. The recommended minimum GPA for the courses in the calculus sequence is 3.00 (A=4.00).

<sup>&</sup>lt;sup>2</sup> Courses comparable to MATH 225, Introductory Matrix Theory are beneficial to prepare and transition into the Statistics major. However, MATH 225 does not satisfy major degree requirements.

# Secondary Education Teaching General Information and Admission Requirements

Effective: 8/1/23 - 7/31/24

#### **YOUR DEGREE**

The Secondary Education option in the College of Liberal Arts and Sciences (LAS) includes content work in your major and professional education courses in the College of Education. Students who successfully complete this degree will have a bachelor's degree in the major area of study and a license to teach that subject (English, Math, Science or Social Science) in the state of Illinois.

University of Illinois Major	Minimum license earned with degree*					
Biology	Science Teaching – can teach Biology through the AP/Honors level and other sciences (Chemistry; Earth & Space Science; Environmental Science; Physics up to but not including the AP/Honors level)					
Chemistry	Science Teaching – can teach Chemistry through the AP/Honors level and other sciences (Biology; Earth & Space Science; Environmental Science; Physics up to but not including the AP/Honors level)					
English	English Language Arts – can teach all English topics through the AP/Honors level					
Geology	Science Teaching – can teach Earth & Space Science through the AP/Honors level and other sciences (Biology; Chemistry; Environmental Science; Physics up to but not including the AP/Honors level)					
History	Social Science Teaching – can teach History through the AP/Honors level and all other Social Sciences (Economics; Geography; Political Science; Psychology; Sociology/Anthropology up to but not including the AP/Honors level)					
Mathematics	Mathematics Teaching – can teach all Math topics through the AP/Honors level.					
Physics	Teaching of Physics is no longer available in the College of Liberal Arts and Sciences. Students should apply to the Physics major in the Grainger College of Engineering.					

<sup>\*</sup>Time permitting, you may complete extra coursework in order to obtain a Subsequent Endorsement, allowing candidates to teach more than one content area through the AP/Honors Level.

#### **ELIGIBILITY REQUIREMENTS**

Students must have a competitive cumulative, major and institutional GPA. Applicants must have at least a 2.5 (A=4.000) University of Illinois at Urbana-Champaign, major and cumulative grade point average at the time of application.

#### **COURSE SELECTION**

Many of the major requirements meet general education requirements as well. If you wish to complete the Secondary Education program in a total of 4 years, it is imperative that you work closely with your institutions advisor and with us so that we can ensure you are taking the appropriate coursework at the institution you attend prior to entering the University of Illinois.

If you have not worked with your advisor, or if you decide later in your undergraduate work to pursue secondary education licensure, your time to graduation may be increased.

## SECONDARY EDUCATION TRANSFER STUDENT CHECKLIST

- Start with Office of Undergraduate Admissions and follow instructions for applying to one of the majors eligible for Secondary Education (Biology, Chemistry, English, Geology, History, Math and Physics). Be sure to check the box that indicates your interest in Secondary Education. Admission to your major does not guarantee admission to the Secondary Education Teaching minor
   Review the College of Education website:
   <a href="https://education.illinois.edu/programs/information-for/ui-students-applying-to-the-minor">https://education.illinois.edu/programs/information-for/ui-students-applying-to-the-minor</a>.
   The College of Education Records Officer will notify you of the results of your record review. You will not be required to complete any other application process (i.e. the "Students interested in applying should:" section on the webpage does not apply to transfer students)
   GPAs (overall; content area; professional education courses) at 2.5 or higher.
   Refer to the Recommended Courses for Transfer Students Interested in Secondary Education at Illinois in the Transfer Student Handbook and work with your institution's advisor to determine equivalents.
   With the help of your advisor, lay out a plan for the time before you transfer. Also consider laying out a plan for your entire degree. Some majors in the Secondary Education program do not offer
- ☐ Students in teaching licensure programs must maintain a grade of `C-' or better in ALL content and professional education coursework.
- ☐ Beginning in Fall 2022, "CR" grades can no longer be accepted for licensure, endorsement, or approval requirements.

much flexibility (especially History and Biology). Be prepared that you may need to take time beyond 8

# The Bachelor of Arts in Teaching Foreign Language (BAT) General Information and Admission Requirements

Effective: 8/1/23 - 7/31/24

BAT initial licensure programs for Grades K-12 include the following languages: French, German, Latin and Spanish.

#### What You Need to Know If You Are Considering the BAT Program

- To ensure that content & general education courses are completed prior to the start of the final year
  of the BAT professional education sequence, it is essential that students interested in pursuing the
  BAT discuss their academic plans & intentions with their language advisor prior to the start of fall
  semester.
- It is not possible to begin the final year of the professional education sequence until all required content, general education, & elective coursework has been satisfied.
- Once admitted to the BAT, teacher candidates are expected to complete the three semester sequence in the order they are offered & without deviating from the established sequence in any way.

# Requirements & Other Important Information for Students Seeking to Apply for the BAT

Applicants must meet all of the requirements listed below in order to be eligible for admission to the Bachelor of Arts in Teaching Foreign Language (BAT) program. If there is uncertainty about eligibility requirements, interested students should meet with the undergraduate language advisor well in advance of the admissions application deadline.

### What You Need to Know If You Want to Apply to the BAT Program

- Students wishing to apply for the BAT program <u>may not hold a previously earned Bachelor's</u> <u>degree in any field</u>.
- Applicants must have a minimum **2.5 GPA in the language they plan to teach** & a **2.5 overall cumulative GPA** at the time of application.
- Meeting the minimum criteria does not guarantee admission to the BAT program.
- All applicants to the BAT program should have an alternate academic plan in the event that they are not admitted to the BAT.
- It is essential that students interested in applying to the BAT attend the fall information meeting; information meetings are held in October; meeting announcements will appear on the FLTE website at the beginning of fall semester (<a href="http://www.flte.illinois.edu/">http://www.flte.illinois.edu/</a>).

#### To submit a complete application packet for admission to the BAT, applicants are required to:

- fulfill 25 field hours in a Foreign Language classroom at the secondary level by working with a teacher & students in the language the applicant intends to teach
- complete 5 hours shadowing a principal or other building leader in a secondary school
- complete 5 hours shadowing a member of Student Services in a secondary school
- attend one meeting of the school board in the district where they completed their shadowing
- respond to a series of essays that address issues professional dispositions in education
- submit a copy of all undergraduate transcripts
- submit a copy of a current résumé

(Continued)

## **BAT Application Deadline: February 1st**

Effective: 8/1/23 - 7/31/24

## **Readiness for the Professional Education Sequence**

Any student with an interest in the BAT program **SHOULD MEET** with her/his undergraduate language advisor prior to fall semester of the first year as a transfer student to construct an 8 semester or other academic plan that will ensure all content & general education requirements & electives will be satisfied prior to fall semester of the senior year when the last phase of the professional education sequence begins.

**PLEASE NOTE:** It is very difficult to complete the final phase of the professional education sequence unless all content & general education requirements & electives have been met. As a result, it is <u>critical</u> that <u>applicants make certain they will complete all content, electives, & general education courses prior to the start of the professional education sequence in fall semester of the final year.</u>

### **Study Abroad**

All BAT teacher candidates are strongly encouraged to study abroad for a summer, semester, or full academic year. The experience enhances authentic cultural knowledge & will prepare teacher candidates for the Oral Proficiency Interview (OPI) assessment that must be taken & passed to advance to Student Teaching. To ensure that students are on campus for the last three semesters prior to graduation when the professional education sequence takes place, seeking direction about study abroad from the language department advisor is critical as it will permit the advisor to assist in an out of country experience when the academic plan is constructed prior to the beginning of the first semester on campus.
