SEXUAL ASSAULT PREVENTION FOR UNDERGRADUATES ANNUAL TRAINING
wecare.illinois.edu/prevention/students/annual-training/
titleixcoordinator@illinois.edu

What is Sexual Assault Prevention for Undergraduates?

Sexual Assault Prevention for Undergraduates is an online education training program, offered through EverFi, which utilize evidence-based content for sexual assault prevention training.

What will Sexual Assault Prevention be about?

Sexual Assault Prevention for Undergraduates addresses the critical topics of relationship violence, sexual assault, stalking, and sexual harassment. The training covers key content areas, including healthy relationships, gender roles and stereotypes, the importance of consent, bystander intervention, and understanding and responding to sexual misconduct, in addition to laws and our campus policies.

Why is Sexual Assault Prevention required?

The University of Illinois at Urbana-Champaign is committed to the safety of our students and improving prevention and response to sexual misconduct. Sexual Assault Prevention for Undergraduates and Graduates are among the ways we are getting more information out to all students about the policy, resources, and support services we have available in case you or someone you know needs them. This training also contains information about prevention skills and strategies and offers information to better equip you to support others. Completion of the Sexual Assault Prevention for Undergraduates or Sexual Assault Prevention for Graduate and Professional Students also satisfies the educational requirements of the Illinois Preventing Sexual Violence in Higher Education Act (110 ILCS 155) and federal law.

How do I complete the Sexual Assault Prevention for Undergraduates?

After the last day to drop a course for the semester has passed, you will receive an email from "The University of Illinois System *automated-message@everfi.net*" with the subject line: "The University of Illinois System has assigned you training." Once you receive this communication (typically these notifications are sent mid-September and mid-January each semester), you will then be able to access the coursework. Bi-weekly reminders will continue to be sent until your coursework is fully complete.

Please make sure you have activated your NetID and set up 2-Factor Authentication to be sure you will be able to access the course once it becomes available.

WHAT SHOULD I BE AWARE OF TO MAKE SURE I ATTEND ALL OF THE FALL ORIENTATION / WELCOME WEEK EVENTS?

I-CONNECT DIVERSITY & INCLUSION WORKSHOP

iconnect.illinois.edu
iconnect@illinois.edu

What is I-Connect?

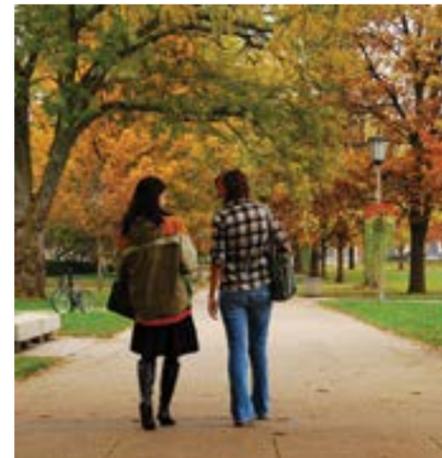

The I-Connect Diversity & Inclusion Workshop is an experiential workshop designed to introduce incoming students to the knowledge, skills, and resources to build a welcoming and engaged campus community.

What will I-Connect be about?

Facilitated by fellow students, I-Connect uses collaborative exercises and engaging discussion to build participants' communication skills and their ability to collaborate, learn, and work in diverse environments. All of us – regardless of our experiences or identities – must understand both our shared and unique qualities in order to work and live with one another. From addressing discrimination to building dialogue skills, I-Connect workshops provide students with an opportunity to continue these important discussions and learn in an entertaining setting.

How do I sign up for I-Connect?

In the Spring semester of your first year, you will be invited to register for an I-Connect Diversity & Inclusion workshop via email. If you have any questions about I-Connect Diversity and Inclusion Workshop, email us at iconnect@illinois.edu.

CAMPUS SAFETY VIDEO & QUIZ

The University of Illinois requires that all new students be educated on the safety issues and concerns that may arise on campus. Personal safety is always a concern, but while you are adjusting to the University of Illinois community it is important to be aware of your surroundings. Check your university email for directions on how to view this mandatory video and take the quiz.

FIRST YEAR CAMPUS ACQUAINTANCE RAPE EDUCATION (FYCARE)

fycare.illinois.edu
fycare@illinois.edu

What is FYCARE?

The First Year Campus Acquaintance Rape Education (FYCARE) workshop is an interactive discussion on sexual misconduct that strives to build awareness and our capacity to create healthier relationships. Workshops are led by trained peer facilitators through an engaging discussion in a relaxed atmosphere. Peer facilitators draw upon their own experiences as students at Illinois to keep the workshop informative and relatable.

What will FYCARE be about?

FYCARE discusses the dynamics of sexual violence and relationship violence, consent, bystander intervention, ways to support survivors, and campus and community resources.

Why is ACE IT and FYCARE required?

To create and maintain a safe campus community, the University of Illinois has mandated that all students attend an ACE IT and FYCARE (offered by the Women's Resource Center) workshop during their first semester on campus. All students who are under the age of 21 and reside in an on-campus residence are required to complete ACE IT. Evaluations show that the vast majority of past attendees found the workshops beneficial to their overall transition to the campus.

How do I sign up for ACE IT and FYCARE?

You will receive a joint email from ACE IT and the FYCARE programs regarding attendance. The email will include a link to register or reschedule if needed. ACE IT workshops are only offered during the early weeks of the fall semester, so schedule early. In case of a conflict, you should reschedule promptly as there are no make-up dates later in the semester.

ALCOHOL AND OTHER DRUG PEER EDUCATION PROGRAM (ACE IT)

counselingcenter.illinois.edu/ACEIT
 (217) 333-3704
aceitprogram@illinois.edu

What is ACE IT?

ACE IT is a peer-led prevention program implemented by the University of Illinois Counseling Center. ACE IT uses a variety of interactive harm reduction techniques to discuss situations, attitudes, and choices regarding alcohol and the Illinois campus culture. You will be encouraged to think critically about alcohol and drug use, while listening to others, and receiving information that will help you to make lower-risk choices.

What can I expect from ACE IT?

ACE IT workshops are offered during the first few weeks of the fall semester. Each workshop is led by trained peer educators. In your workshop, you'll explore hot topics around drinking, drugs, and campus life with a group of other new students. Throughout the workshop, you'll have the opportunity to express your thoughts and hear what your peers have to say about drinking/drug situations, attitudes, and choices. You'll also get a first look at the wealth of free services and resources offered by the Counseling Center and throughout campus. Due to the Counseling Center's innovative harm reduction approach, ACE IT does not lecture or preach abstinence. Our primary goal is to ensure all students stay safe, healthy, and succeed academically.

STUDENT ENGAGEMENT

The University of Illinois is a campus with many options for students to engage in co-curricular experiences that help shape the Illini community. These out-of-classroom opportunities aid in student success and give support to defining the Illinois Experience. To be successful at Illinois, students can find options that create a pathway for the integration of academic life and personal wellness. With many options to assist you in being successful at Illinois, there are three themes to consider – **make healthy decisions, be an active member of the community, and engage in campus life.**

MAKE HEALTHY DECISIONS

Being engaged at Illinois will require a balance of your co-curricular experiences. You may find barriers to finding that balance, but finding support is easy. You can find support from your academic advisor or coach, a dean on duty at the Student Assistance Center, or specialist at Disability Resources and Educational Services (DRES). As a member of the community, we ask that each of you take responsibility for not only your actions and behavior, but also be on the look out for those who may cause harm. There are many tools to help you engage and intervene if you notice something that doesn't seem right or someone who may need help.

- Emergency Dean
- Bystander Intervention (University Housing, Women's Resources Center)
- Office for Student Conflict Resolution – Mediation Services

ENGAGE IN CAMPUS LIFE

I-L-L-I-N-I! The phrase heard around campus, at athletic games, the opening of the semester and at Commencement. The I-L-L-I-N-I signals a call to Illini on- and off-campus – current students, alums, faculty, and staff – that Illinois is a special place filled with traditions. We encourage you to experience the many traditions that make Illinois unique.

Being engaged on campus means that you can take advantage of a number of co-curricular experiences that are unique to Illinois. These experiences allow you to connect with old and new friends, build community and find your path that is distinctly Illinois. Engagement opportunities on campus can help you find your niche among the larger Illini family. You can explore student clubs and organizations that address social and cultural issues or have an academic focus.

Clubs & Organizations

(217) 300-6704

Getting engaged on campus can be exciting and lead to life-long friendships. At Illinois, there is more than one way to get involved; in fact, there are over 800! Illinois is home to many student clubs and organizations. Being engaged in these organizations connects your experiences that will help you navigate the Illinois community. Engagement gives you the background that supports your career readiness, skills that will help you with academic life and means to social integration that will help you find a connection among the class of new students.

Fraternities & Sororities

fsaffairs.illinois.edu
(217) 333-7062

Almost 150 years ago, fraternities and sororities were founded at Illinois. These groups started as literary societies and have continued today to provide support, housing, career development, mentorship and coaching to over 7,000 students who claim membership in one of the (90) chapters on campus. Over the long history of fraternal life at Illinois, one central element is key; friendship. Students have sought membership in our fraternity and sororities not only for the many co-curricular experiences or opportunities for career planning, but for the life-long friendships that are formed through membership. The Illinois fraternity and sorority community is a diverse community of students and alumni that are trailblazers and entrepreneurs across multiple disciplines. Over the long history at Illinois, fraternities and sororities have provided innovations in the living-learning community, advances in leadership training, and facilitation of community programs that address social justice, philanthropy and campus climate.

- A national founder of Gamma Phi Beta Sorority (Frances Elizabeth Haven Moss) helped to establish our local chapter and is buried locally at Mount Hope Cemetery.
- Black Greek Life Organizations have existed at the University of Illinois since 1913 with the founding of the Beta chapter of Kappa Alpha Psi.

- Alpha Psi Lambda is a Latino fraternity that is our only co-ed organization. They were also our first culturally based fraternity on campus in 1988.
- United Greek Council is our fastest growing council representing 24 organizations and around 580 members.
- The first Black Greek-Lettered sorority founded at a historically white institution was Alpha Kappa Alpha in 1914. Bousfield Hall is named after a member.

The Order of Omega Alumni Hall of Fame past recipients include:

- BP Executive Bob Dudley, '78 Phi Kappa Psi Fraternity
- Tuskegee Airman Col. Charles McGee, '42 Alpha Phi Alpha Fraternity, Inc.
- Illinois Chief Justice Rita B. Garman, '65 Delta Delta Delta Fraternity

BECOME AN ACTIVE MEMBER OF THE COMMUNITY

Finding your path at Illinois can lead to you becoming involved in active citizenship and community volunteerism. Democracy relies on each of you to participate in helping to shape our Illini community and your communities at home. Voting is one way that you can participate in civic engagement and is a part of our collective responsibility as citizens of the United States of America. As you get to learn more about Illinois, we encourage you to register, research, and vote this year. Visit sse.illinois.edu/civic-engagement/ for more information.

Each of our new students has the power to shape the future. Other ways to become active within the Illinois community include finding ways to give your time and expertise to make a meaningful impact on campus, in the Champaign-Urbana community, or abroad. There are many opportunities to serve.

CIVIC ENGAGEMENT

Register. Research. Vote!

At Illinois, we are committed to working to reduce apathy, increase engagement, and graduate civic-minded students who are prepared to solve the country's, and the world's, most pressing challenges. With this in mind, we offer students many opportunities to become engaged citizens through our student voter initiatives.

Our goal is to normalize voting behavior through initial opportunities that allow all students to register, to learn about issues and candidates, and to vote. Students can register to vote, if you are a U.S. citizen, at illinois.turbovote.org.

At the 2019 ALL IN Challenge Awards Ceremony held to recognize colleges and universities committed to increasing college student voting rates, University of Illinois received a gold seal for achieving a student rate between 40% and 49%.

Return for Another Year

Research has shown that students who live in University Housing for more than one year are more likely to graduate and graduate in four years than students who move out after their first year on campus. University Housing has a variety of additional room types, meal plans, locations, and amenities for continuing students. Also, we offer unique options like flexible contracts for students going abroad, a constant rate structure that locks in your room and board structure in the residence halls for up to four years, and a pet friendly apartment option. We encourage you to remember University Housing when selecting housing for your second year on campus. More information available at housing.illinois.edu/livingoptions/why-housing.

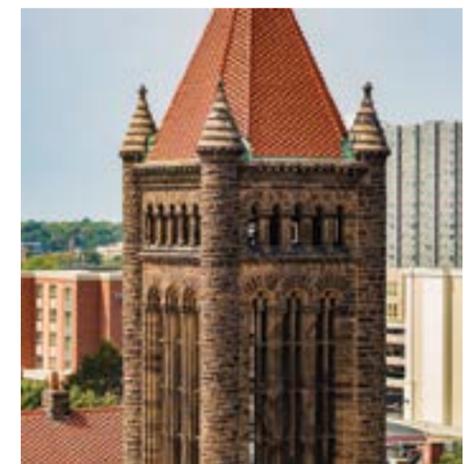

PRIVATE CERTIFIED HOUSING
certified.housing.illinois.edu
 (217) 333-1420

Within any given year, about 25% of the entering freshman class chooses to live in one of 11 Private Certified Housing units. Each facility offers an array of living accommodations, room types, and programming from religiously affiliated cooperatives to high rise residence halls. All facilities are air conditioned and offer on-site dining options as well as trained residence life staff who provide social and educational support to their residents. Most facilities have semi-private bathrooms in addition to other amenities that range from in-room kitchens, computer labs, and wireless internet, to swimming pools and weekly housekeeping. Because these facilities are certified by the University but privately owned, each has their own application, contract, and policies regarding move-in, early arrival, internet access, and meal plans. Please contact your private certified housing unit for this information. Your hall assignment is confirmed immediately when you sign a contract with a specific facility. Most private certified housing units will also send room and roommate assignments in June and July. Move-in information is most often included in assignment communications and will vary by facility. Similar to University Housing, Private Certified Housing units have scholarships, returning resident incentives, and additional amenities to encourage students to stay for a second year in these approved facilities.

OFFICE FOR STUDENT CONFLICT RESOLUTION (OSCR)

conflictresolution.illinois.edu

The Office for Student Conflict Resolution supports the community standards of the University of Illinois at Urbana-Champaign by promoting ethical decision making, encouraging personal and social responsibility, and facilitating the effective resolution of conflict. You should note that the university has high expectations for your conduct, both on and off campus. Violations of the Student Code will result in formal and educational sanctions and could even lead to your dismissal from the institution. Please read the Student Code (studentcode.illinois.edu) and plan to conduct yourself in safe, low-risk, and responsible ways.

STUDENT LEGAL SERVICES (SLS)

odos.illinois.edu/sls

Since 1978, Student Legal Services has had a long and proud tradition of providing legal services and awareness of the law to the students of the university. The office is committed to educating students to make them aware of the laws that may affect their daily lives. In-court representation in Champaign County is provided in Traffic, Misdemeanor, and City Ordinance Violation cases. The office counsels and represents on behalf of student tenants regarding privacy, eviction, landlord failure to make repairs, and rent arrearages, and advises in consumer, collection, credit, and many other issues. Representation and consultation are not provided in student-vs-student or student-vs-University of Illinois matters.

VETERAN STUDENT SUPPORT SERVICES (VSSS)

veterans.illinois.edu

Veteran Student Support Services assists veterans, active duty, Reserve, National Guard members, and military dependents with their transition to the University. Our objective is to provide individualized advising and advocacy, as well as a diverse range of programs and services that support student veterans' academic and personal development, learning experiences, and involvement on campus. We proudly serve approximately 575 military connected students each year and have a vibrant student veteran community; including the Illini Veterans (facebook.com/IlliniVeterans).

Student Veteran Lounge
Located on the food court level of the Illini Union, the Student Veteran Lounge is a place for students to hang out between classes, study, and access veteran-specific information.
